September Edinburgh Event
Glasgow Security Panel Quarter 3 2023

SASIG Webinars

Wednesday 10 May 2023 11am – 12noon (BST)
How AI/ML impacts security: Both for defensive and offensive purposes
https://www.thesasig.com/calendar/event/23-05-10-aiiot/

We will discuss how AI/ML can be used for defensive purposes, such as detecting and responding to threats in real time, as well as offensive purposes, such as identifying vulnerabilities and developing attack strategies. We will also examine the challenges and limitations of AI/ML in security, including ethical concerns and the potential for adversarial attacks.

Friday 12 May 2023, 11am-12noon (BST)
Chief’s brief - How different sectors can learn from each other about

website registration required
https://www.thesasig.com/calendar/event/23-05-12-evening/

In July 2022, Dr Hughes was appointed as the first-ever Patient Safety Commissioner for England. The role was created after a national independent review into avoidable harm caused by medical devices or medication. She acts as the patient champion and independent point of contact for them, giving them a voice and making sure their concerns are heard in relation to medicines and medical devices. In this conversation, we will explore how different sectors can learn from each other about achieving genuine culture and behavioural change.
Future Event

**Graduate Apprenticeship Programmes**

*Several universities are offering this opportunity - Happy to add them if they provide contact details*

Glasgow Caledonian University

The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the BSc Cyber Security both Programmes are fully funded and you need to be working in security role in Scotland with a Scottish postcode address

[https://www.gcu.ac.uk/study/graduateapprenticeships/](https://www.gcu.ac.uk/study/graduateapprenticeships/)

Ronnie Beattie would be delighted to hear from interested candidates for both Programmes

ronnie.beattie@gcu.ac.uk and 0771 4715286

The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February)
and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland. The course is delivered primarily online, in addition to an on-campus workshop per taught module.

For more details and to apply, please visit:

https://www.rgu.ac.uk/study/courses/4074-graduate-apprenticeship-in-msc-cyber-security
