SASIG Webinars

Monday 10 October 2022, 11am-12noon (BST)
A new era of security operations – Detect, hunt and respond to threats like Google

https://www.thesasig.com/calendar/event/22-10-10-resilience/
In this session, Secrutiny’s Ade Taylor and Google Cloud’s Ian Heritage will guide you through taking control of any incident from detection to investigation to response at the speed and scale of Google.

Wednesday 12 October 2022, 11am-12noon (BST)
Bridging the communication gaps between Execs and InfoSec Specialists

https://www.thesasig.com/calendar/event/22-10-12-resilience/

In this session, we will review issues such as cloud enablement, vulnerability management, and compliance in terms of the type of security information different stakeholders are looking for, according to their role and responsibilities.

Friday 14 October 2022, 11am-12noon (BST)
Is your data safe? The why & how of building a data-first security program

https://www.thesasig.com/calendar/event/22-10-14-resilience/

Join this session to get an inside look at evolving trends and insights into how attackers think, plus practical advice on building and evolving your security program to keep up with emerging threats.

-----------------------------------------------

**Graduate Apprenticeship Programmes**

**Several universities are offering this opportunity - Happy to add them if they provide contact details**

**Glasgow Caledonian University**

The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the BSc Cyber Security both Programmes are fully funded and you need to be working in security role in Scotland with a Scottish post code address
Ronnie Beattie would be delighted to hear from interested candidates for both Programmes
ronnie.beattie@gcu.ac.uk  and 0771 4715286

The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February) and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland. The course is delivered primarily online, in addition to an on-campus workshop per taught module.

For more details and to apply, please visit:
