ISACA Minnesota Chapter Sponsorship Program

Effective May 1, 2019

Our chapter, serving more than 1,100 professionals across the state of Minnesota, provides professional development, certifications, community and networking, advocacy and education on information systems assurance and security, enterprise governance and management of IT, and IT-related risk and compliance. Members come from diverse backgrounds in a variety of industries such as healthcare/life sciences, consumer products, insurance, banking, public accounting, consulting, and many more. Membership includes professionals from a variety of IT-related positions that include IT auditors, consultants, educators, IT security professionals, regulators, and chief information officers, just to name a few. We hold an average of ten events per year, including an Annual meeting that attracts more than 100 professionals. Our website and newsletters are promoted and available to everyone in our ever-growing chapter!

The ISACA® Minnesota Chapter is pleased to present our sponsorship program. We are offering the sponsorship opportunities below to vendors and affiliates that align with the vision, mission, and objectives of our Chapter. Sponsors must align with IT Audit, Risk, Security, and/or Governance in the Enterprise.

Types of Sponsorships

Sponsorship opportunities are available on an annual and per event basis. Annual sponsorship details and benefits are described on the back of this document. Per event sponsorships can range from sponsorship tables to event sponsors.
