

Half Day Talk - Members' Sharing & Networking Event

Cyber Governance & Managing Cyber Risk

Date/Time: 26 March 2020, 2:00PM – 5:30PM
Location: Sime Darby Convention Centre, Kuala Lumpur

Overview

First to survive and next to complete, businesses must go cyber. Compounded by mounting disruptive digitization, the enterprise governance of information and technology is progressively at the forefront of businesses. Cyber threats and attacks continue to grow in number and complexity as the business world grows increasingly connected and digital. Organizations of all types and sizes are susceptible to cyber attacks. As companies become more agile and innovative through the emergence of digital reach, new vulnerabilities have emerged. The reality is that cyber risk is not something that can be avoided; instead, it must be managed.

From ISACA, COBIT 2019 is a trusted and proven enterprise governance framework with the latest and relevant developments based on science and best practices. Participants will gain useful insights into new trends and working guidance to govern the digital age effectively and efficiently.

3 CPE hours
