

# Ilhaam Frieslaar

Ilhaam is a business continuity manager at The Foschini Group. Her main responsibilities includes developing and monitoring business resilience programmes for the group including its international entities. She has previously worked at PwC, where her portfolio included IT internal audit and business continuity. During her tenure in Australia, she was responsible for drafting risk and controls framework for RPA, and developed and conducted risk assurance training on RPA. The 4th Industrial revolution and the impact on the world as we know it today is an area of interest and intrigue for her.
