

MEET OUR GUEST SPEAKER – KGABO RALEBEPA

Kgabo is the ICT Audit and Data Analytics Director at SkX Protiviti, a global firm that provides consulting solutions in internal audit, technology, risk and compliance, business processes, financial and data analytics. Prior to that, she was CEO and Founder of V-SIC (Pty) Ltd, a 100% black, female-owned and managed firm of professionals that was formed in 2015 to offer ICT Audit Services, ICT Consulting and Management & Business Consulting Services, as well as Recruitment & Selection of Human Resources in these related areas. She leads a team of approximately 30 ICT audit specialists and consultants, including General ICT Auditors, SAP Specialists, Information Security Specialists, CAATs/Data analytics specialist. Kgabo utilises her extensive business, ICT, Governance, Risk & Compliance experience to offer clients a broad and informed view on ICT and business integration. She engages in thought leadership activities to stay abreast of the emerging risks and opportunities introduced technology to the business environment. She holds a Masters In Computer Science, a Management Advanced Programme Diploma and is CRISC and CISA certified.

Additional day to day activities and responsibilities includes interacting with CIOs, CTOs and CEO as an advisor in the ICT field, as well as sitting on various Audit Committees, EXCOs and various Governance forums at the various clients. She has over 25 years of experience in ICT, Assurance and business, spanning technical specialist, system development, project management and assurance, ICT security, SOX compliance, ICT and internal audit, Internal Control, Risk and Compliance and ICT consulting in both the private and the public sector, nationally and internationally. She has exposure to various industries such as telecommunications and ICT, public sector (national, local and SOEs), banking, finance & insurance, mining, manufacturing, infrastructure and government, consumer products, education, retail and gaming (lottery). Kgabo is also passionate about women and youth development, community upliftment, continuous learning, education, and being of service and therefore is an active board member and President of the Rotary e-Club of Southern Africa D9400, an international service organisation, through which she champions her various community projects, as well as offers mentoring and coaching to young ladies and gentlemen, mainly in the STEM space. She is Founder of the NGO, 19 Eleven, which is aimed at eradicating pit toilets in disadvantaged communities. She has also previously served on a volunteer basis on the following boards:
