Dear ISACA Members and the Philadelphia Community:

The ISACA Philadelphia Chapter deeply values our members, volunteers, sponsors and supporting organizations in delivering on our mission. We have all been adapting to a new way of business with our state's stay-at-home orders and I wanted to provide you an update on where things stand as a chapter. First, the Board has decided to suspend all in person events for the remainder of the chapter year (through June 30th). We'll continue to monitor the situation in the hopes of being able to meet and network in person again this Fall. We are evaluating virtual options for both training and networking events as well as the chapter’s annual meeting.

The Board has been working hard this past month to develop a virtual training plan for the chapter. We have been talking with a number of instructors to determine the best approach for virtual learning as it is a significantly different animal than all day in person events. I am happy to announce that we have finalized plans for our first offering. Registration will open later today. A couple of things to note:

1. Where possible, full day CPE sessions have been divided into 4 separate 2 hour sessions. These sessions are all related but can also stand alone.
2. Not all courses will be eligible for NASBA CPE credits; however, all can be used for your ISACA certifications.
3. We are providing these virtual training options for the next few months at no cost to you. We only ask that if you do register, please make sure to attend as space for these events is limited and we want to provide every opportunity for all of our members.
4. The vehicle used to deliver training will vary depending on the instructor and the type of CPEs being offered. The registration process will also slightly differ for some of these events.

We recognize many of you were looking forward to our programs and I hope this is the start of great solution as we adapt. In addition to other virtual training sessions, stay tuned for an announcement on the chapter’s annual meeting.

If you have any questions about the virtual training approach or other chapter matter, please email me at president@phillyisaca.org. Thank you for your membership, sponsorship and partnership with ISACA Philadelphia. We greatly appreciate your understanding as we work through this together.

Sincerely,

Derek Danilson
President, ISACA Philadelphia
