

ISACA South Florida Chapter 2020 Board Election Candidates Profile

Clay Moegenburg

Clay was first elected to the board of ISACA South Florida in 2002, and has since served in numerous leadership roles during his continuing 18 year tenure with chapter including Chapter President, Vice President, Director of Certifications, Director of Strategic Initiatives, Director at Large, Director of Research, CISA & CISM Certification Instructor, as well as active roles across a myriad of committees.

He has held senior leadership positions with the ISACA South Florida Chapter since 2003. In those roles he has facilitated and directly contributed to the growth and development of our chapter in many ways.

Ivan Reyes

Ivan has participated in many previous ISACA conferences and seminars since 2013. He holds a CISA, CEH, and CISSP certification and has proactively supported ISACA through participation in sponsorship booths (with Focal Point Data Risk, LLC). He has also participated in the South Florida chapter through interactions and knowledge sharing with other ISACA members.

Ivan has been managing teams professionally for over 7 years and interacts and communicates effectively with his target audience. He enjoys giving back to the community through participations in volunteering events such as Habitat for Humanity and facilitating trainings related to his areas of expertise (Cybersecurity, Ethical Hacking, SOC reporting, IT Audit).

Joanne Klipper

Joanne has served the South Florida ISACA Board for over a decade in various positions. Currently, she is serving as Secretary. Joanne started as the first Director of Volunteers authoring the script used today to reach out to our membership at large. In between her first and current Board positions she served as Vice President and a combination of Vice President and Secretary. She has recently rewritten our Chapter bylaws to be in sync with International standards.

Lynne Cotton Nesbitt

Lynne was elected Director at Large to serve on the Board of Directors for the 2019-2020 term. Lynne volunteered to lead the Chapter's recognition and participation in ISACA International's Community Day of Service and participated on the WOW Event planning committee.

Maria Eriz

Maria has served as Director of Certifications since June 2018, and in the past 2 years has been very active volunteering in local Chapter events, including the coordination of local review sessions for CISA and CISM certifications, being part of the organization committee for 2019 WOW event, and local dine and learn events to promote the CSX certifications.

Mehmet Cuneyt Uvey

Mehmet has been a member of ISACA since 2002. He is an Accredited Trainer by APMG for delivering CISA, CISM, CGEIT and CRISC Certifications and prepares and supports candidates for exams. He delivered many classes to many companies and individuals as a trainer. He has more than 30 years of professional experience, with hands on practice in Internal Audit, IT Audit, IT Risk Management, IT Governance, Information Security, GRC, Cybersecurity and Project Management. Besides ISACA Certifications, Mehmet holds PMP (1999), BS7799 - ISO 27001 Lead Auditor (2004 - 2006) and ISO 20000 Lead Auditor (2016) Certifications; and a Qualified 'Information Systems Head Auditor' by the Capital Market and SE Board, and the Ministry of Finance - Internal Revenue Administration of Turkish Government.

Mike Ortiz

Mike became a member of ISACA in late January and attended the WOW! Conference in February. He has followed and supported the organization for over a year but decided to finally join after a conversation with one of the Board members. As a Network Administrator, he is responsible for working together and leading a small diverse team of professionals in support of a cloud-based security infrastructure. Mike has 8 years of diverse IT experience working in team-oriented, collaborative environments. He has worked across different industries including education, local government, healthcare and financial services; and has achieved several professional certifications from Microsoft, ISC2, CompTIA, EC-Council and Cisco.

Peter Christiaans

Pete has been a part of the ISACA SFL Chapter for more than 17 years - both at the local Chapter level as well as from the International level. He currently serves as the ISACA SFL Chapter Treasurer. Pete has also served as President of the ISACA South Florida Chapter for 5 years (2009-2014), during which time the chapter was recognized as both the Best Large Chapter in North America and Best Large Chapter Worldwide. He has served on ISACA 's International Board as both a member and ISACA 's Finance Committee Chair, where he was responsible for providing Board oversight for the organization's financial resources.

Robert Valdez

For the past three years, Robert has had the privilege of serving on ISACA South Florida's board. In the most recent two years, he served as chapter president. During this time, his role has been focused on helping the board identify and agree upon large, long-term, strategic objectives, including but not limited to improving Academic Relations, Corporate Relations, and Communications. He believes that Academic and Corporate Relations have thrived and grown, and Communications have improved somewhat, but there is work still to do there.

Sandra Parras

Sandra has been with the Board for approximately 15 years. In prior years, she has served as President and have led WOW events programming and Elections Nomination Committee. Currently she is the Director of Programming for the chapter.

Tina Honey

Tina is the current VP of the chapter, over the last two years, she has helped with the planning of the many conferences and events hosted throughout the year, including volunteering to chair events. She has supported and attended leadership conferences held by ISACA International. Her suggestions, with the help of the chapter's president and Board members have increased the number of touchpoints with chapter members. Touchpoints have since gone from hosting about 3 to 4 events per year to 10 to 15 events.

Trixie Jamie De Leon Gonzalez

Trixie current serves as Academic Relations Director, and would like to retain the role to continue working with the schools and students.
