

Digital Transformation and Innovation
University of Ottawa

**3rd Annual Conference on
“Digital Transformation in Government”**

CONFERENCE OVERVIEW

14-17 June 2022

Virtual

Ottawa, Ontario, Canada

www.digitaltransform.ca/2022/

As of the 11th of December 2021

“... a recent survey of directors, CEOs and senior executives found that their digital transformation (DT) risk is their #1 concern in 2019. Yet 70% of all DT initiatives do not reach their goals. Of the \$1.3 trillion that was spent on DT last year, it was estimated that \$900 billion went to waste.” (Harvard Business Review - Tabrizi, Behnam et al 2019) “Digital Transformation: How to Beat the 90% Failure Rate (Ramesh and Delen, IEEE Engineering Management Review September 2021)

Conference Aim: The conference brings together government professionals, private sector practitioners, and academia to share experiences, innovation and emerging standards and technologies in support of both government digital transformation (strategic effectiveness) and digitization (operational efficiency) initiatives. Attendees will be able to claim up to 22 CPEs, PDUs, or CEUs.

Conference Format: There will be three days of morning plenaries followed by afternoon streams addressing more specific topics. Day 4 will be a peer-reviewed article / workshop. Themes include:

- Government Transformation
- Promoting Women in STEM SheLeadsTech
- Cyber-Security and Privacy
- Governance and Enterprise Architecture
- Management of Change
- Workforce of the Future
- Ethics and Responsible Use of AI
- Audit and Risk Management
- Deliver business value with Technology
- Government Design and Innovation
- Analytics, AI, and knowledge management
- The Future of Work
