

LBMC	
*Position Title:	IT Audit Senior Manager
*Location:	Nashville, TN
*Position Type:	Full Time
Compensation:	TBD
Start Date:	Negotiable

***JOB DESCRIPTION**

This Senior Manager IT Audit Consultant is given opportunities to grow specific knowledge on a variety of risk based audits such as SOX, SOC 1, SOC2, HITRUST and consulting projects. The position is given responsibilities to directly manage several projects and teams including managers, seniors and staff to demonstrate leadership capabilities and provide further growth opportunities within the group. This position will train and develop the technical skills of the Staff and Senior through review of their work and oversight of their daily responsibilities. This position will be responsible for managing client relationships directly as well as responsible for the successful and timely completion of projects. This position will also be responsible for bill and revenue management of their projects. As the individual shows proficiency with the above and begins to manage an established book of revenue an expectation will be set to serve as a subject matter expert on all IT Assurance service deliverables. This will include not only client delivery but also on sales calls. An expectation will be set to further grow their client portfolio with potential to promote to shareholder (partner).

***JOB REQUIREMENTS**

Please provide a description of skill sets and other qualification necessary for applicants.	
Travel:	Approximately 25% (conditional)
Education:	Bachelor's Degree
Experience:	Seven to ten years of IT Audit and/or security risk assessment experience ; SOX, SOC1/SOC2 reporting experience is required ; HITRUST experience is preferred
Certification:	CPA/CISA/CISSP certification required ; CCSFP certification is preferred
