BECOME A

## CERTIFIED INFORMATION SYSTEMS AUDITOR (CISA)

PREPARE FOR THE CISA EXAM IN JUST THREE DAYS

Wednesday 13 November through Friday 15 November 2019

Co.Station Brussels

## Boost your credentials and gain a competitive edge

Being CISA-certified showcases your audit experience, skills, and knowledge, and demonstrates you are capable to assess vulnerabilities, report on compliance, and institute controls within the enterprise.

## Your CISA certification will help your career and your organization

Enterprises demand IS audit professionals that possess the knowledge and expertise to help them identify critical issues and customize practices to support trust in and value from information systems.

The skills and practices that CISA promotes and evaluates are the building blocks of success in the field. Possessing the CISA demonstrates proficiency and is the basis for measurement in the profession.

# A C I S A C E R T I F I C A T I O N

- Confirms your knowledge and experience
- Quantifies and markets your expertise
- Demonstrates that you have gained and maintained the level of knowledge required to meet the dynamic challenges of a modern enterprise
- Is globally recognized as the mark of excellence for the IS audit professional
- Combines the achievement of passing a comprehensive exam with recognition of work and educational experience, providing you with credibility in the marketplace.
- Increases your value to your organization
- Gives you a competitive advantage over peers when seeking job growth
- Helps you achieve a high professional standard through ISACA's requirements for continuing education and ethical conduct

## GET RECOGNIZED AS AN EXPERT

In just three days, we will prepare you for the CISA exam, away from your desk and any possible distractions. Learn from the questions of your classmates and the thorough experience of your instructors. They will take you through the theory and put that theory into practical examples. Their tips and tricks will prove to be essential if you want to pass this test.

## WHY ISACA BELGIUM?

ISACA Belgium is a non-profit organization and is part of ISACA International. We believe that it is our duty to promote the profession and help potential CISA-certified people get the proper official preparation at the lowest cost possible. Our trainers are all accredited, ensuring you they have the right knowledge and skills to effectively transfer knowledge as quickly as possible.

## WHY AT CO.STATION BRUSSELS?

Co.Station Brussels is located only 300 meters from the Central Station, so it can be reached via different means of transport, making it one of the most accessible location in Brussels.

Did we mention the fabulous view? Check out the beauty of the Saint-Michel-et-Gudule Cathedral during the bootcamp. Fly in, drive in, bike in or just take the train and walk in!

Place Sainte-Gudule 5, 1000 Brussels

# ANY QUESTIONS? YOU MIGHT FIND THE ANSWER RIGHT HERE!

## Who should attend this CISA training?

Anyone taking or considering taking the CISA examination; anyone seeking an overall understanding of essential IT audit, assurance, risks and controls. CISA is designed for IS/IT Auditors, IS/IT Consultants, IS/IT Audit Managers, Security Professionals and Non-IT Auditors.

## How many CPE credits do I receive?

20 CPE credits

## Is following this training sufficient for me to pass this exam successfully?

We will prepare you the best we can and make sure you received all theory by the end of the bootcamp. Yet, any ISACA exam is a 100%

individual challenge and you will need to continue to rehearse the course materials and the sample questions after the boot camp until the exam. The CISA exam is not a “know by heart” exam, but an exam with multiple choice questions testing your practical knowledge and experience as an Information Systems Auditor.

A woman with dark hair and glasses, wearing a blue long-sleeved shirt, is standing and gesturing with her right hand. She is in a meeting room with a wooden wall and a screen displaying various charts and graphs. The overall background is a dark red color with geometric shapes.
