

## **Telegraft Editorial Board**

### **Junior Associate Editor – Role Description**

#### **Scope**

The Telegraft is a bi-monthly e-newsletter provided as a benefit to ISCT membership and includes insightful discussions and up-to-date information on critical issues affecting the field of cell & gene therapy.

#### **Position Description**

As Junior Associate Editor you will work closely with the Editing Group, comprised of Senior Editor, Associate Editor, and Junior Associate Editor to review the content of the newsletter. You will participate in bi-monthly teleconference meetings with the Editorial Board, comprised of the Senior Editor, Associate Editor, Junior Associate Editors, and Contributing Editors, as well as bi-monthly meetings with the Editing Group. The Editorial Board meetings occur immediately following the release of an issue to determine the objectives of the upcoming issue while the Editing Group meetings occur immediately before the article submission deadline to touch base regarding expected articles and edit and review each article.
