

2021 INDUSTRY MEMBERSHIP OVERVIEW

INTERNATIONAL SOCIETY FOR CELL & GENE THERAPY OVERVIEW

Established in 1992, ISCT is the global steward fostering cell and gene therapy translation to the clinic. Comprised of over 2400 cell therapy experts across five geographic regions and representation from over 60 countries, ISCT members are part of a global community of peers, thought leaders and organizations invested in cell therapy translation.

ISCT leads the field in the translational aspects of developing cell-based therapeutics, advancing scientific research into innovative treatments for patients. Through long-term strategic relationships with global regulatory agencies, academic institutions, and industry partners, ISCT has built a unique collaborative environment that advances three key areas of clinical translation: Academia, Regulatory and Commercialization.

Our Three Pillars

ACADEMIA

Scientific Committees:

- MESENCHYMAL STROMAL CELL
- IMMUNO & GENE THERAPY
- EXOSOMES
- GASTROINTESTINAL
- HEMATOPOIETIC STEM CELL
- TARGETED ORGAN
- ORTHOPEDIC & MUSCULOSKELETAL THERAPIES

REGULATORY & QUALITY OPERATIONS

Global Regulatory Task Force:

- LRA NORTH AMERICA
- LRA EUROPE
- LRA AUSTRALIA & NEW ZEALAND

Lab Practices Committee (LPC)

COMMERCIALIZATION

Commercialization Committee:

- BUSINESS MODELS AND INVESTMENT
- MARKET ACCESS AND PATIENT ADVOCACY
- PROCESS AND PRODUCT DEVELOPMENT

MISSION:

To improve lives through safe and effective cell and gene therapies.

VISION:

To drive clinical translation of cell and gene therapies worldwide.

VALUES:

- Promote innovation in translational research
- Strive for excellence in everything we do
- Respect and support diversity and inclusivity
- Uphold the highest ethical standards
- Serve our members and advocate for our society

1217

547

Europe

336

Asia

2410 MEMBERS IN 2020

91

South & Central America

219

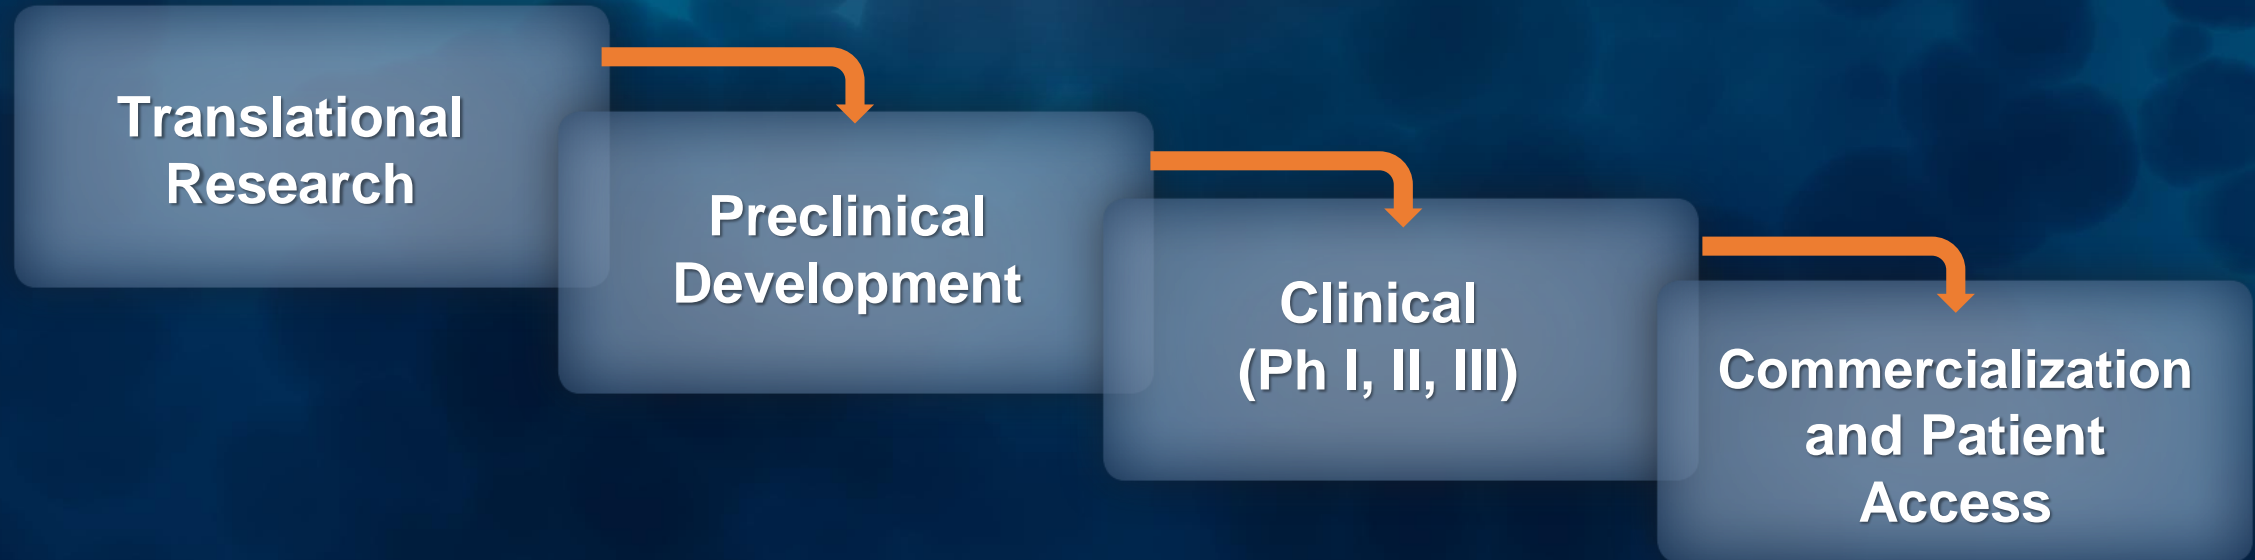

Australia & New Zealand

ISCT Membership is comprised of **2400+** professionals from around the globe.

Cytherapy, the official journal of ISCT, is a leading publication in the Cell and Gene Therapy sector, with a growing impact factor at 4.218

THE SOCIETY HAS BEEN ADVANCING CELL THERAPY SINCE 1992

BOARD OF DIRECTORS

THE REACH OF ISCT IS FAR AND WIDE

Connecting Global Networks of Cell Therapy Experts

With members in over 60 countries, ISCT actively collaborates with organizations worldwide to deliver programs and service that facilitate education and networking for our members, and for the cell and gene therapy field at large.

ISCT Co-Founded Organizations:

Partner Organizations:

WHY JOIN THE ISCT INDUSTRY MEMBERSHIP PROGRAM?

Access a global network of cell therapy Key Opinion Leaders

- Attend exclusive networking events with thought leaders from industry, academia, clinical and regulatory settings
- Find your next partnership with a company or academic center through the diverse ISCT network

Increase visibility for your company amongst leading organizations

- Industry community members include leading therapeutic developers, CDMOs, tools, service, and product providers.
- Expert Commercialization and Subcommittee members include C-level and senior executives, investors, esteemed academic and subject matter experts.

Contribute to consensus-building educational resources

- ISCT publications, webinars, and reports set industry standards on critical topics including raw materials, COGs, investor perceptions, potency, and more.
- Lead a project with fellow members and educate the industry on your most pressing challenges

Reach translational experts across the ISCT membership

- Recruit top talent through the ISCT Career Center
- Members only networking database to connect with global cell therapy leaders and members
- Distribute marketing materials to 2400+ ISCT members

In good company. [View the list](#) of current ISCT industry members.

MEMBERSHIP HAS ITS BENEFITS

Collaborate with global organizations to tackle prominent cell therapy industry issues

Commercialization Committee

ISCT Committee comprised of industry members and invited academic experts that drives the Society's industry impact and provides networking opportunities for members including access to guest speakers, discussion of current industry events, and acts as forum for tackling key barriers in the path to commercialization.

Commercialization Subcommittees:

- Business Models and Investment
- Process and Product Development
- Market Access and Patient Advocacy

Unparalleled networking events

Commercialization Signature Series

Annual event for 40-50 individuals, by invitation only, consisting of ISCT Industry Patrons and Partners, invited academia, and other key opinion leaders with an objective to tackle and discuss high profile issue in the field.

Industry Networking Event

An exclusive networking event that takes place during an evening reception at the ISCT Annual Meeting each year. Past events have been hosted at the House of Commons (UK), Ambassador's residences, etc.

INDUSTRY MEMBERSHIP LEVELS & BENEFITS

	Industry Networking Event	Commercialization Signature Series	Commercialization Committee	Commercialization Sub-Committees	Additional Marketing Features
Patron \$10,500 <i>5 Individual Memberships (incl voting rights)</i>	2 Invitations	2 Invitations	1 Seat	3 Seats	<ul style="list-style-type: none"> • 1 Survey Eblast to ISCT membership (\$3,500 value) • 1 Corporate E-blast to ISCT membership (\$2,500 value) • 1 Job Posting on ISCT Career Center (\$500 value) • 1 Ad in Telegraft, ISCT's member e-newsletter (\$1,000 value)
Partner \$8,000 <i>3 Individual Memberships (incl voting rights)</i>	1 Invitation	1 Invitation	1 Seat	2 Seats	<ul style="list-style-type: none"> • 1 Corporate E-blast to ISCT membership (\$2,500 value) • 1 Job Posting on ISCT Career Center (\$500 value) • 1 Ad in Telegraft, ISCT's member e-newsletter (\$1,000 value)
All individual members receive:					
<ul style="list-style-type: none"> • Access to all ISCT member web resources • Member discounted rates to all ISCT meetings and events • Access to ISCT Member Networking Database 			<ul style="list-style-type: none"> • Subscription to Telegraft – members only newsletter • Annual Subscription to <i>Cytotherapy</i>, ISCT official scientific journal 		

INDUSTRY MEMBERSHIP LEVELS & BENEFITS

	Industry Networking Event	Commercialization Signature Series	Commercialization Committee	Commercialization Sub-Committees	Additional Marketing Features
Supporter \$5,400 <i>2 Individual Memberships (incl voting rights)</i>	1 Invitation	<i>Access not included at this level</i>	<i>Access not included at this level</i>	1 Seat	<ul style="list-style-type: none"> • 1 Job Posting on ISCT Career Center (\$500 value) • 1 Ad in Telegraft, ISCT's member e-newsletter (\$1,000 value)
Contributor \$2,700 <i>2 Individual Memberships (incl voting rights)</i>	1 Invitation	<i>Access not included at this level</i>	<i>Access not included at this level</i>	<i>Access not included at this level</i>	<ul style="list-style-type: none"> • 1 Job Posting on ISCT Career Center (\$500 value) • 1 Ad in Telegraft, ISCT's member e-newsletter (\$1,000 value)

COMMITTEES DRIVING THE ISCT INDUSTRY COMMUNITY

Commercialization Committee

- Drives the strategy of ISCT Industry Community and curates programming focused on building consensus on barriers to cell and gene therapy commercialization.
- Comprised of senior executives and invited academic experts [View current roster](#)
- Monthly meetings feature guest speakers, discussion on current events, and initiative planning.

Process and Product Development (PPD) Subcommittee

- Addresses best practices for therapeutic cell-based products, assesses emerging cell processing technologies and forecasts their impact on the commercialization process.
- Comprised of experts in process development, manufacturing, and emerging technologies [View current roster](#)
- Monthly meetings feature current events discussion, and webinar and publication planning

Business Models and Investment (BM&I) Subcommittee

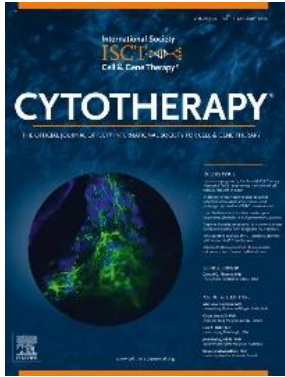

- Addresses the evolving cell and gene therapy business model with and key considerations including clinical development, partnerships, financing, and commercialization.
- Comprised of investors, business development executives, and interested members. [View current roster](#)
- Monthly meetings feature current events discussion, and webinar and publication planning

Market Access and Patient Advocacy (MAPA) Subcommittee

- Addresses challenges associated with getting cell and gene therapies to patients including clinical trial management, reimbursement, and regional harmonization.
- Comprised of experts in clinical education, manufacturing, and clinical trial development. [View current roster](#)
- Bi-monthly meetings feature current events discussion and webinar and publication planning

TACKLING PROMINENT INDUSTRY CHALLENGES

The ISCT industry community actively develops thought leadership programs and resources including guidance publications, state of the industry reports, and flagship programs uniting key stakeholders.

Recent Publications:

Cell and gene therapy: a snapshot of investor perspectives (*Cytotherapy*, 2020). [Link to article](#)

Transitioning from development to commercial: risk-based guidance for critical materials management in cell therapies (*Cytotherapy*, 2020) [Link to article](#)

A roadmap for cost-of-goods planning to guide economic production of cell therapy products (*Cytotherapy*, 2017) [Link to article](#)

[2020 Report](#) on Clinical Breakthroughs: Transforming the Standard of Care

[2019 Report](#) on Patients First: Achieving Global CGT Adoption

[2018 Report](#) on Addressing Translational Manufacturing Viability in Cell Therapy

Founded in 2018 by the Business Models & Investment Subcommittee, the “I to I” program aims to bridge the knowledge gap between two critical stakeholders in the translational pipeline. [Learn more.](#)

Special offer for lab teams within ISCT Industry Member companies

LAB MEMBERSHIP FREE
~~(\$500 Base Fee)~~ (Lab Director/Manager)

INCLUDES:

- *Cytherapy*[®] subscription (hard copy & electronic copy)
- Member rates for website career posting

PATRON MEMBERS:

5 Free Tech Accounts

PARTNER MEMBERS:

3 Free Tech Accounts

TECHNOLOGISTS

(\$25 per individual)

ADDITIONAL REGULAR MEMBERS

(\$175 per individual)
(i.e., Non-technologists)

SUPPORTER MEMBERS:

2 Free Tech Accounts

- Eligibility for Technologist Abstract Awards

- *Cytherapy*[®] electronic subscription (or \$250 USD for hard copy subscription)

All members receive:

- Access to all ISCT member web resources
- Member discounted rates to all ISCT meetings and events
- Access to ISCT Member Networking Database
- Subscription to *Telegraft* – members-only newsletter
- Eligibility to apply to join ISCT Committees
