Re: ISCT ANZ 2026 Scientific Regional Meeting Invitation

Dear

The International Society for Cell & Gene Therapy (ISCT) invites you to register and attend the Australia & New Zealand 2026 Scientific Regional Meeting of the Society, ISCT ANZ 2026, to be held in Melbourne, Australia from July 20 to July 22, 2026, at Melbourne Convention and Exhibition Centre (MCEC). This letter serves to confirm your invitation to attend the meeting.

To further assist you in obtaining a visa, below is a description of the conference and how to access more information on the conference itself and ISCT as a Society.

The Scientific Regional Meeting's program consists of 20+ plenary, concurrent, and roundtable sessions, 100+ abstract presentations, and corporate sessions. Regional key opinion leaders will present novel research, data and ideas, as well as discuss and debate pressing practical problems facing the sector.

We have invited a distinguished group of scientists, clinicians, policymakers, regulators, and industry experts from around the world to engage in the latest developments in the field of cell and gene therapy. We anticipate more than 250 delegates will attend this highly regarded conference.

If you would like more information about ISCT or the ISCT Scientific Regional Meeting, please contact the ISCT Head Office at (604) 874-4366 or visit the meeting website at <https://www.isctglobal.org/isctanz2026melbourne/home-2026>. Information on ISCT can be obtained through the society website, www.isctglobal.org.

Sincerely,

Artin Rahbar
Specialty Membership & Program Management Associate
