

ACoP 2026 Hackathon FAQs

What is a Hackathon?

Hackathons are events where participants collaborate to solve a given challenge in a set timeframe. Teams brainstorm, design, and develop creative solutions, often guided by mentors. At the end, participants present their work to a panel of judges. Hackathons are designed to spark innovation, encourage teamwork, and apply skills in a practical, hands-on way.

Who can participate?

The Hackathon is open to all ACoP 2026 attendees, including students, trainees, academics, industry professionals, and regulatory scientists. Whether you are new to the field or an experienced expert, you are welcome to join.

What is the timeline for ACoP's Hackathon?

- Submissions for Challenge September 29 November 9, 2025
- Review and Challenge Chosen November 14 December 15, 2025
- Notification to Challenge Submitters December 15 20, 2025
- Registration for participants (tentative) June 1 September 15, 2026
- Kick Off Session at ACoP 2026 October 11, 2026
- Check Ins October 12-13, 2026
- Final Session/Judging at ACoP 2026 October 14, 2026

Expectations of submitter of chosen challenge?

If your challenge is selected, you will:

- **Serve as the Hackathon Chair:** Lead the Hackathon session at ACoP 2026 (two chairs may serve, but at least one must be an ISoP member).
- Represent the Hackathon on the ACoP 2026 Planning Committee: Provide regular updates during monthly meetings.
- Assemble a Support Team: Recruit mentors and judges to guide participants and evaluate solutions.
- **Provide Challenge Content:** Supply the background materials, data, and resources participants will need to successfully engage in the Hackathon.

What do participants gain from joining?

By participating in the Hackathon, participants will:

- Collaborate with peers from diverse backgrounds and disciplines.
- Learn from experienced mentors and expand your technical and professional skills.
- Network with colleagues, potential collaborators, and leaders in the field.
- Innovate by applying knowledge to real-world challenges in a hands-on setting.
- Gain recognition as part of a team that presents solutions at ACoP 2026.
