

Here at Renaissance we know that your school district is experiencing unexpected school closures. Like many of the schools across the country, COVID-19 is making quite an impact on education. Teaching and learning from home can be a challenge without the appropriate resources in place. We wanted to let you know that we have created resources to help ease some of your stress as this situation continues to develop.

Renaissance would like to offer [myON](#) and [Freckle](#) **to the district at no cost**. To help support your students and teachers learning remotely.

### myON Reader and News

- myON provides **independent reading practice** with 24/7 access to **thousands of digital fiction and nonfiction books**.
- myON News delivers digital reading practice with **daily coverage of high-interest current events** and news stories written specifically for kids.

### Freckle

# Supporting learning outside of the classroom

## Unexpected school closures may occur, but they don't have to impact student learning!

Students need only a device and Internet access to complete assignments in or out of school.

Immediate feedback for students and real-time access to data for educators support growth and learning.

Because students are accustomed to using these resources during regular, in-school days, no additional learning is required to prepare them to use these resources for school closures.
