

60 years of growing with nature

ACF's roadmap for a thriving, nature-friendly farm transition

For 60 years, ACF has stood with farmers, Landcare and communities, caring for the land that cares for us. Now, we're scaling up nature-friendly farming so soil, water and ecosystems thrive for generations to come.

Our Roadmap

Direction

Evidence

Rewards

Resourcing

From policy to paddock, ACF's roadmap is built with farmers and partners to deliver real change where it matters: our fields, our communities and our landscapes.

Shaping policy for nature-friendly farming

Field to future: Farmer-led policy in action

Bringing together credible farmers, researchers and policymakers to co-design the transition to nature-friendly farming.

The Roundtable is where the roadmap becomes real: practical solutions, shared evidence, and farmer stories shaping national policy.
