

LIVE! Meet the LHAT Service Providers & Suppliers EXPO

Just like at our in-person conference, during this 90 minute live portion of this year's EXPO, you can meet virtually with experts in the field to discuss the latest tools, technology & best practices for the preservation, restoration, and operation of historic theatres.

Explore the 2020 exhibitors' virtual booths, where you'll have access to OnDemand videos, downloadable brochures, and will find a link to connect live with them through a live online virtual meeting.

Sorry -- we couldn't figure out how to serve virtual cocktails and appetizers during the Expo!
