

MASBO PARTNER WEBINAR SERIES

LUNCH AND LEARN

Where Great Ideas Are Served

INFORMED K12 PRESENTS:

The Hidden Risks in Timesheets and Extra Duty Pay

This session uncovers where overtime, extra duty, and supplemental pay processes commonly break down—from board authorization to site-level approval to payroll entry—and the hidden risks that emerge along the way. Attendees will learn how manual tracking of extra earnings creates compliance exposure, financial leakage, and unnecessary strain on payroll capacity, and will evaluate what “good enough” is truly costing their district. Participants will also apply lessons learned from districts of varying sizes and ERP systems to strengthen controls and modernize their approach..
