- A cohort-only discussion board and library for engagement and collaborative problem-solving.
- Engage with other MASBO members during scheduled professional development programs.
- Rapid development of the candidate.
- Reduced risk of missed opportunities for the district
- Greater retention of qualified SBAs

MASBO Mission

The Massachusetts Association of School Business Officials (MASBO) enhances the competence and knowledge of financial and operational professionals employed by institutions of public education in Massachusetts. MASBO provides exceptional leadership, professional development, and opportunity for collaboration. We maximize members' contributions, supporting the success of students and public education in the Commonwealth through education, partnerships with complementary businesses, and community.
