

THE NEXT GENERATION CENTERS OF EXCELLENCE BENEFIT

Better care. Better costs. Better experience.

We make healthcare more effective, more affordable, and far easier to manage by directly contracting with the best providers in the world and making them available to your organization.

The right care from the right people

We carefully curated a nationwide network of surgeons and facilities who provide better care across every meaningful metric, including surgery avoidance rate, complication rates, readmission rates, and patient satisfaction scores.

Some of the providers we've partnered with:

WEST

Stanford Health Care
Scripps Health
Providence St Joseph

CENTRAL

Rush Health
Tenet Healthcare
OrthoIndy

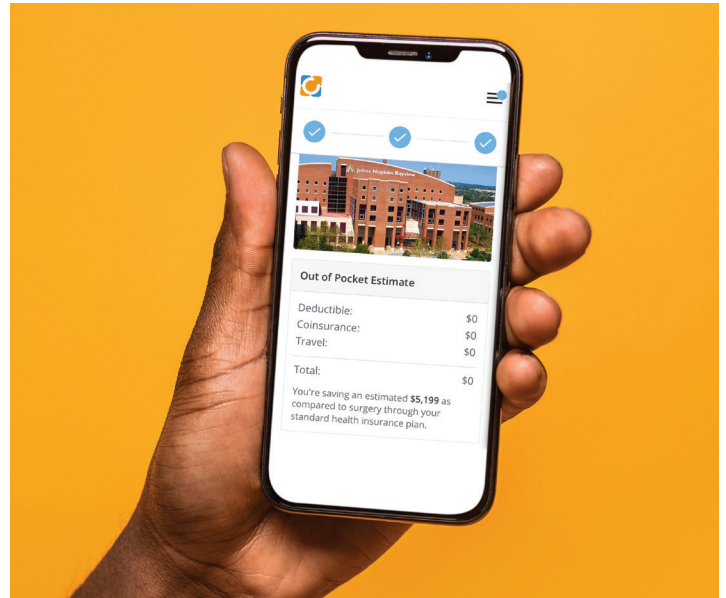

EAST

Johns Hopkins
Rothman Orthopaedic Institute
New England Baptist Hospital

Predictably and immediately lower costs

23% Unnecessary surgeries avoided **35%** Savings on necessary surgeries

We cover a wide range of services including orthopedic, spine, weight loss, and heart surgery and are launching cancer surgery and treatment later this year.

The technology and team to make care memorable

We take on all the heavy lifting for your employees — from collecting medical records to helping meet clinical qualifications, answering billing questions to checking in post-surgery. And they can use our app to see potential costs, select a surgeon, fill out medical forms, and securely message a dedicated care specialist.
