

Kathryn Foulser ND, MS, MPH – Manager, Employee Wellness Program at Rush University Medical Center

“Shortlister provided valuable guidance as Rush was choosing a vendor. The Shortlister team was thorough, thoughtful and efficient. The information provided by the platform was instrumental in completing the proposal process in a timely and effective manner.”

As a member benefit, MBGH has partnered with Shortlister to provide an affordable alternative to your consultant for navigating the rapidly changing wellness vendor landscape!

Shortlister is the #1 marketplace for finding and selecting vendors in the wellness, HR technology and benefits space.

Scenario 1

You’d like to complete a “Market Check”

Are you happy with your current wellness vendor, but are interested in a “market check” to see if a better option is available?

Explore comparable vendors to determine if an alternative option can provide more value at a lower cost.

Scenario 2

You’re Starting Your 1st Formal Program

Are you starting your 1st wellness program or looking to move away from the basic option embedded in your health plan?

Describe your budget, population demographics and unique program goals to see the vendor options that could be a fit.

Scenario 3

You Need to Replace Your Current Vendor

Are you experiencing issues with your current vendor or have simply out-grown your existing vendor’s capabilities?

Describe the “pain points” or limitations of your current vendor to identify alternative options that excel in those areas.

Scenario 4

You Want to Add a Specialized “Point Solution”

Are you looking to add a vendor that specializes in a particular area like Diabetes Management or Financial Wellness?

Explore the specialty vendors that can integrate with your current primary vendor and have a core competency in your desired focus area.
