The diabetes portion plate for a Vegan meal

How to divide your plate
The diabetes portion plate is an easy to use tool that can help you visualize your portion sizes and make smart, healthy choices about what you eat.

Nonstarchy vegetables
Fill 1/2 of your plate with nonstarchy vegetables, such as tomatoes, mushrooms, peppers, carrots, broccoli, eggplant, greens, and bean sprouts.

Whole grains and starches
Fill 1/4 of your plate with grains and starchy foods, such as whole-wheat bread, sweet potato, pasta, brown rice, winter squash, quinoa, and low-fat crackers.

Protein
Fill 1/4 of your plate with protein, such as soy-based foods, tofu, chickpeas, lentils, dried beans, and legumes.

Use a 9-inch plate.
Recommended servings to fill each section of your plate

Below are some examples of food servings representing the sections of a portion plate as well as the number of servings* recommended for each meal.

*Talk with your health care team about your personal meal plan. The number of servings you should choose may vary from this general guideline.
