

The New Standard for Centers of Excellence

We connect employers directly with top healthcare providers offering bundled rates on common surgeries. A recent independent RAND Corporation study proves that Carrum delivers better health outcomes and significant savings for employers while completely eliminating medical bills for patients.

The right care from the best providers

We evaluate doctors and facilities on dozens of success metrics and only partner with the top 10% across the nation. Our focus on quality means each patient gets the care they need, while we deliver better results and guarantee the work with the only warranty in the business.

Predictable and immediate cost savings

We incentivize delivering more appropriate care, helping avoid unneeded and dangerous procedures. When surgery is called for, we bundle all of the services a patient needs into one, upfront payment, providing straightforward savings and an immediate return on investment.
