

## **REAL PROPERTY LAW SECTION LEGISLATIVE REPORT**

January 9, 2018

Catharine LaMont, First American Title

### ***GENERAL LEGISLATIVE BACKGROUND***

The Legislature returns to session on Wednesday January 10<sup>th</sup>, after a three-week holiday break. There are a number of issues still on the horizon to address this second year of the two-year legislative session. Included in those is the resolution of a repeal of prevailing wage and delivery of a balanced budget before July in light of an expected budget shortfall. Additionally the House would like to act on a proposal forgiving \$637 million in outstanding driver responsibility fees for 300,000 drivers. The administration is seeking to increase the personal tax exemption to offset the federal tax reform plan.

Governor Rick Snyder's last State of the State address is scheduled for January 23<sup>rd</sup> followed by the budget presentation within the first few weeks of February.

### **LEGISLATION EXPECTED TO BE INTRODUCED THIS SESSION**

**Land Contracts – Senator Bieda (D-Warren).** Senator Bieda has worked with the Michigan Poverty Law Project to craft a four-bill draft package that would regulate land contracts. Among the many provisions listed in the drafts are mandatory certificate of occupancy issued, recording of all land contracts, mandatory title search, mandatory inspection, mandatory appraisal, specific provisions of a contract set forth in statute, and more. There was one work group held in September on the issue. The sponsor will be making dramatic changes to his proposal as many groups were very concerned with the extensive regulations the drafts imposed. We submitted these proposals to Will Moseng for review and discussion. He agreed with most of the attendees of the hearing that the legislation does not solve problems that aren't already solved by existing remedies which are available to the parties but not necessarily mandated. He is meeting with Representative Schor on a package of land contract bills on behalf of MSHDA. Absent a conflict of interest, he will also meet on behalf of RPLS.

Senator Bieda has removed the contract and other mandated activities from the bill drafts. The Senator has shared new language that would exempt any lease with option to buy or rental lease in general. He would also require a mandatory title check for every land contract, along with mandatory

recording of all land contracts. It would be advisable to meet with the Senator again to discuss the combination of MSHDA land contract bills with the bills that he had drafted previously.

**Tenancy by the Entirety-** Senator Jones (R- Grand Ledge). Senator's office awaiting comments from stakeholders before introduction. **Update from David Pierson:** The Probate & Estate Planning Section convinced Sen. Jones to consider sponsoring a bill to allow property to be held as tenants by the entirety even though it is held in trust. His staff convened a workgroup with the same organizations as were represented in the discussions of dower and tenants by the entirety for same sex marriage and tenants by the entirety for personal property: Probate Section, Real Property Law Section, Michigan Bankers Association, Family Law Section, Michigan Poverty Law Center, and an attorney for Chemical Bank who seems to stand in for all creditors.

The Probate Section's point is simply to allow protection from creditors while holding property in trust. Neither the Bankers nor the creditors representatives seem to object. In their view, the property could be held as tenants by the entirety anyway, the property most often held that way is the family home, and the people who would create these kinds of trusts for estate planning have enough money that the property held that way is not regarded as a big collection issue.

The Probate representative provided some of the reasons for holding property in that fashion (adding to the presentation at the Winter Conference), including avoiding probate and public disclosure of assets on the death of the second spouse, management by a trustee if the spouses become incompetent, and consolidation of all TBE property in one trust (and thereby avoid multiple probates, such as probate in Florida for the winter home and probate in Michigan home for the principal residence).

Although either spouse may revoke the trust holding the property by acting alone, as revised, the effect is that the property is then held by both them as tenants by the entirety.

David notes on behalf of the ad hoc committee, that this bill would provide an excuse to correct all of the other statutes on tenants by the entirety to use the term "spouse" instead of "husband" and "wife," just to generally clean things up using current forms. So far, the Probate & Estate Planning Section bill has not been introduced and so far we have not been able to get to bills for gender-neutral tenants by the entirety.

**New Condominium Act** – Senator O'Brien has interest in introducing a new Condominium Act. Presently, she is seeking counsel from the Michigan Association of Realtors and other interested groups. Drafting of the bill has not commenced and there is no timeline for when it might happen.

**Assignment of Rents Amendment** – In light of *Town Center Flats, L.L.C. v ECP Commercial II LLC*, 855 F3d 721 (6<sup>th</sup> Cir 2017), the Debtor/Creditor Rights Committee of the Business Law Section concluded that the statute should be amended to include, among other things, to prevent the enforcement of an

assignment of rents from being deemed a preferential transfer, require the assignment of rents to be released upon satisfaction of the underlying debt, and providing for the application of the assigned rents and some accounting by the assignee of their use. The Committee reached out to RPLS for possible assistance in the effort. Rachel Foster of Varnum Riddering and the Commercial Development and Finance Committee has agreed to coordinate with the Committee to explore what role we may wish to play. The group involved in drafting has not started yet, but sense a need for representation by the real property practitioner's bar. Once that Committee has completed its work, they will reach out for approval from the Business Law Council and hopefully RPLS to support and advocate the legislation with legislators.

**E-Notary legislation** – The Secretary of State has initiated a bill which amends the Notary Public Act to include definitions for electronic acknowledgment and signatures. It further establishes process to enable the Secretary of State to review and approve technologies for the electronic performance of notarial acts and sets forth the criteria by which the technology will be judged. The draft was sent to the Titles and Conveyancing Committee for review and comment. There is continuing discussion on remote notarization with this issue.
