

REAL PROPERTY LAW SECTION LEGISLATIVE REPORT

February 5, 2018

Catharine LaMont, First American

GENERAL LEGISLATIVE BACKGROUND

Governor Snyder delivered his last state of the state address on January 23rd. In his speech he highlighted the progress of Michigan during his two terms as Governor. He foreshadowed increased funding for K-12 education and roads. He plans to roll out a “Marshall Plan” for talent to connect students to careers without having to get a bachelors degree. Lastly, he is working on initiatives to improve infrastructure including expanding broadband access, increase recycling, fight invasive species in the great lakes, and improving water infrastructure.

The Governor’s budget is set to unveil on February 7th. Over the last seven years, the budget has been completed by July. There is the same goal for this year. The Legislature is also working on a personal exemption fix for the income tax and mental health reform.

It has been a busy winter for property law activity. We are currently watching a package of register of deeds recording modernization bills move through the Senate. The Uniform Receivership Act has been presented to the Governor for signing. The Senate will be looking at electronic notarization and possibly reform of land contract law. A complete list of the bills we are watching is contained below.

LEGISLATION SIGNED INTO LAW SINCE LAST REPORT

Receivership	HB 4470-4471	Rep. Iden	Clarifies that appointment of receiver does not constitute an action under the "one act" rule and that statute of limitations under other act does not conflict with the revised judicature act. Enacts uniform commercial estate receivership act. <i>Substitute makes change to Section 5, due to small conflict of interest that the Supreme Court wanted to be adjusted when referring back to the receiver. Presented to the Governor.</i>

Provides that a person is not personally liable for any unpaid property tax levied on real property unless than person owned the real estate on the tax day for the year in which the unpaid tax was levied. The intent of the bill is to prevent a prior owner (or owners) of property from being held personally responsible for property taxes on property that has been transferred to a subsequent owner who is responsible, but that transfer of ownership has gone unrecorded or been misreported.

			lien foreclosure matters (previously only excluded land contract or mortgage foreclosures involving residential property). Now includes actions against guarantors of commercial loans.
Land Use	PA 117	Sen. O'Brien	Addresses conflicts between certain plats. Specifies that a plat recorded under former PA 91 of 1839 would supersede an earlier plat to the extent there was a conflict or inconsistency regarding the dedication of a parcel for a courthouse in the earlier plat. According to testimony in the Senate, the bill aims to clarify which plat controls under unusual circumstances where the same tract of land has been platted more than once.

LEGISLATION EXPECTED TO BE INTRODUCED THIS SESSION

Tenancy by the Entirety- Senator Jones (R- Grand Ledge). Senator's office awaiting comments from stakeholders before introduction. **Update from David Pierson:** The Probate & Estate Planning Section convinced Sen. Jones to consider sponsoring a bill to allow property to be held as tenants by the entirety even though it is held in trust. His staff convened a workgroup with the same organizations as were represented in the discussions of dower and tenants by the entirety for same sex marriage and tenants by the entirety for personal property: Probate Section, Real Property Law Section, Michigan Bankers Association, Family Law Section, Michigan Poverty Law Center, and an attorney for Chemical Bank who seems to stand in for all creditors.

The Probate Section's point is simply to allow protection from creditors while holding property in trust. Neither the Bankers nor the creditors representatives seem to object. In their view, the property could be held as tenants by the entirety anyway, the property most often held that way is the family home, and the people who would create these kinds of trusts for estate planning have enough money that the property held that way is not regarded as a big collection issue.

The Probate representative provided some of the reasons for holding property in that fashion (adding to the presentation at the Winter Conference), including avoiding probate and public disclosure of assets on the death of the second spouse, management by a trustee if the spouses become incompetent, and consolidation of all TBE property in one trust (and thereby avoid multiple probates, such as probate in Florida for the winter home and probate in Michigan home for the principal residence.

Although either spouse may revoke the trust holding the property by acting alone, as revised, the effect is that the property is then held by both them as tenants by the entirety.

David notes on behalf of the ad hoc committee, that this bill would provide an excuse to correct all of the other statutes on tenants by the entirety to use the term “spouse” instead of “husband” and “wife,” just to generally clean things up using current forms. So far, the Probate & Estate Planning Section bill has not been introduced and so far we have not been able to get to bills for gender-neutral tenants by the entirety.

Action needed from RPLS. Sponsor is asking for input before introduction.

New Condominium Act – Senator O'Brien has interest in introducing a new Condominium Act. Presently, she is seeking counsel from the Michigan Association of Realtors and other interested groups. Drafting of the bill has not commenced and there is no timeline for when it might happen.

Assignment of Rents Amendment – In light of *Town Center Flats, L.L.C. v ECP Commercial II LLC*, 855 F3d 721 (6th Cir 2017), the Debtor/Creditor Rights Committee of the Business Law Section concluded that the statute should be amended to include, among other things, to prevent the enforcement of an assignment of rents from being deemed a preferential transfer, require the assignment of rents to be released upon satisfaction of the underlying debt, and providing for the application of the assigned rents and some accounting by the assignee of their use. The Committee reached out to RPLS for possible assistance in the effort. Rachel Foster of Varnum Riddering and the Commercial Development and Finance Committee has agreed to coordinate with the Committee to explore what role we may wish to play. The group involved in drafting has not started yet, but sense a need for representation by the real property practitioner's bar. Once that Committee has completed its work, they will reach out for approval from the Business Law Council and hopefully RPLS to support and advocate the legislation with legislators.
