

BUSINESS LAW SECTION

LEGISLATIVE REVIEW DIRECTORSHIP REPORT

Prepared for March 6, 2008 Council Meeting

I. PUBLIC ACTS

- A. Public Act 36 of 2007. This Act shall be known and may be cited as the "Michigan Business Tax Act" and shall provide for the imposition, levy, computation, collection, assessment, reporting, payment, and enforcement of taxes on certain commercial, business, and financial activities. This Act takes effect January 1, 2008 and applies to all business activity occurring after December 31, 2007. (SB 0094; effective 7/17/07).
- B. Public Act 65 of 2007. Amends Public Act 39 of 1961, which regulates insurance, bankruptcy, mortgage, insolvent, assignee's, executor's, administrator's, receiver's, trustee's, and closing out sales and sales of damaged goods. The Act will allow a city, village, or township clerk to waive the application fee for a license and license renewal to conduct a sale regulated under the Act. (HB 4673; effective 9/28/07).
- C. Public Act 83, 86, 87 of 2007. Amends respectively the Michigan Business Corporation Act, the Limited Liability Company Act, and the Nonprofit Corporation Act to postpone for five years the sunset on the filing fee that must accompany the annual report from September 30, 2007, to September 30, 2012. (HB 4866, 5257, 5258; effective 10/1/07).
- D. Public Act 90 of 2007. Amends the Michigan Business Tax Act by creating a new deduction for businesses that realize an increase in their deferred tax liability due to the enactment of the new Michigan Business Tax, which was enacted on July 12, 2007, and will take effect on January 1, 2008. The deduction would equal the change in a business's deferred tax liability during the first tax period ending on or after July 12, 2007, and the business would claim the deduction by deducting 4% of this difference during each of the successive five years beginning with the 2015 tax year, 6% of this difference during each of the successive five years beginning with the 2020 tax year, and 10% of this difference during each of the successive five years beginning with the 2025 tax year. If the deduction exceeded a business's tax base in any of these years, the unused portion of the deduction could be carried forward and used in future years. (HB 5104 of 2007).
- E. Public Act 93 of 2007. Amends the Use Tax Act to tax the use or consumption of specified services in the same manner as tangible personal property is taxed. The listed services would be taxed at 6% as of December 1, 2007. (HB 5198 of 2007). *Repealed by Public Act 145 of 2007.*
- F. Public Act 145 of 2007. Amends the Michigan Business Tax to repeal the new state tax on selected services immediately after it takes effect December 1, 2007. The new services tax was put in place by Public Act 93 of 2007 (House Bill 5198). The Act

also imposes an annual surcharge on the tax liability of MBT taxpayers “to meet deficiencies in state funds.” The surcharge would be imposed after allocation or apportionment to the state but before calculation of the various credits available under the Act. The surcharge would be 32.9 percent for the 2008 tax year and 27.3 percent for the 2009 tax year and beyond. (HB 5408 of 2007).

- G. Public Act 44 of 2006. Amends Public Act 137 of 1929, which provides for the formation of corporations by summer resort owners, to revise the member approval requirements for the board of a summer resort corporation in order to set and collect annual dues and special assessments from its members. The bill specifies that, unless the summer resort corporation’s bylaws specifically provide for approval by a majority of the votes cast, the vote of a majority of all of the members of the corporation would be required to approve an action of the board relating to dues and assessments. (SB 751; effective 3/7/06)
- H. Public Act 47 of 2006. Allows corporations to address written notices, reports, statements or communications to shareholders sharing a common address if: (1) the corporation addresses the writing to shareholders as a group, individually, or in any other form to which there are no shareholder objections, (2) the corporation gives at least 60 days notice to the shareholders sharing the common address, (3) there are no written objections from any shareholder with the common address. If there is an objection, the corporation must provide separate copies to those who have objected within 30 days of receiving the objection. (HB 5321; effective 3/9/06)
- I. Public Act 63 of 2006. Amends the portion of the MBCA addressing the dissolution of corporations to provide that the dissolution depends, among other things, on proof that shareholders who have entered into an agreement authorized by Section 488 are unable to agree on material matters respecting management of the corporation’s affairs or are divided in voting power so as to be unable to elect successor directors. The reference to Section 488 replaces a reference to the shareholders acting under the corporation’s Articles of Incorporation. Section 488 allows shareholders to enter into agreements to exercise the corporate powers or the management of the business, even to the extent of eliminating the board of directors or restricting its powers. (HB5316; effective 3/20/2006)
- J. Public Act 66 – 67 of 2006. Specify that when a shareholder abstains from voting or submits a ballot marked “abstain,” such action does not count as a vote cast (unless the Articles provide otherwise). This affects a section that requires actions to be authorized by “a majority of votes cast.” A similar amendment is made to the section that deals with voting by a class or series of shares. (HB 5319 and 5320; effective 3/20/2006)
- K. Public Act 68 of 2006. Amends the Act’s definition of “willfully unfair and oppressive conduct” to specify that such conduct could include termination of employment or limitations on employment benefits to the extent that the actions interfere with distributions or other shareholder interests disproportionately as to the affected shareholder. (HB5323; effective 3/20/06)

- L. Public Act 72 of 2006. Rewrites and rearranges the provision that requires a foreign (out-of-state) corporation to comply with Sections 1021 (dealing with amended applications) and 1035 (the filing of required information) in order to merge with or enter into a share exchange with a domestic (in-state) corporation. (HB 5315; effective 3/20/06)
- M. Public Act 250 of 2006. Creates a new act to regulate the money transmission services business and to require the licensing of persons engaged in providing money transmission services. (HB 5328, effective 7/12/06)
- N. Public Act 510 of 2006. Amends the Michigan Notary Public Act of 2003 to provide that licensed attorneys are eligible to serve as notaries public. (Effective 4/1/07)
- O. Public Act 581 of 2006. Amends the Banking Code of 1999 to address the trust powers of banks. It provides for a rebuttable presumption that a bank's fee for its fiduciary services is reasonable as required under the Code if the fee or its method of computation is specified in an appropriately disclosed fee schedule or fee agreement before the fee is charged. The Bill also allows a bank to use money or property over which it exercises investment discretion to purchase any product, service, or security from or through the bank or an affiliate of the bank (if the price is reasonable) so long as the bank obtains the written consent of a revocable trust grantor or agency principal or, if the trust is irrevocable or the trust grantor is deceased or incapacitated, if the bank provides 45 days advanced notice to any person entitled to receive trust accountings under Section 7303 of EPIC. If a bank receives a written objection to a notice, and the objection is not resolved or withdrawn, the bank may not make a purchase for at least 60 days after it receives the objection. (HB 6299, effective 1/3/07)
