On September 5, the Section launched the first issue of the Business Law E-Newsletter. The purpose of the newsletter is not to be a substitute for the Business Law Journal, but to provide timely information and news to Section members. If you have something you would like to publish in the newsletter, please contact me. For the time being, the newsletter will be published during the first week of each calendar month and will provide the mechanism by which the majority of communication will reach Section members. Each committee should post their meetings through this newsletter, in addition to your normal lists, so as to encourage others to join your activities.

6. Meetings and Programs: Not applicable.

7. Publications:

The "Technology Corner" column in the *Business Law Journal* continues on with occasional bumps.
