FOREWARD

TAXATION SECTION MEMBERS:

For a number of years the Council of the Taxation Section has sought ways and means by which continuing and informative material could be disseminated to Section members. Each prior attempt at newsletters, pamphlets, etc., has ultimately failed because of lack of editorial staff, insufficient informative material, and/or inability of Section members to contribute sufficient information and material to sustain a publication.

However, despite prior unsuccessful attempts, the present Council is enthusiastic about the prospects for this new Taxation Section Newsletter. With the assistance of The Institute of Continuing Legal Education, we are confident that we have found a means of providing to the Section membership an informative, useful and continuing publication. Generally, it is our intention that the Newsletter will dwell primarily on state and local law, procedures and problems - to the exclusion of Federal tax matters which are already adequately reported in various national services. We believe that this type of information will be of great interest and service to Section members.

We are grateful to ICLE for its interest in this new project and with its joint assistance and cooperation, we look forward to this new project. More specifically, we are personally grateful to Quenda Story, who will be the Editor of the new Taxation Section Newsletter, and we look forward to working with her.

For the first issue of the Newsletter it seemed most appropriate that a Directory of Tax Offices in Michigan be made available to our members. Hopefully, this information will be useful to the membership. Considerable credit for compilation of the information included in this directory must go to James M. Sheridan Muskegon, and we personally thank him for his efforts.

The Council looks forward to the institution of this Newsletter and we sincerely hope that it will prove of interest and assistance to you. We also invite each of you to submit articles, comments and other information which you believe will be of interest to your fellow Section members.

J. Lee Murphy
Newsletter Chairman
