

2026 FORMS CHANGES

EFFECTIVE AUGUST 1, 2026

In 2026, the Minnesota Realtors® (MNR) Forms Committee convened for five meetings focused on refining MNR's existing forms and creating several new ones. The Forms Committee met with several objectives, including improving the clarity of existing MNR forms, updating existing forms to reflect changed statutory requirements, and creating several new forms as practical tools for our members.

We would like to extend special thank you to Chair Matt Ashworth and to all members who volunteered their valuable time for the Committee and Subcommittees. Your service is vital to the Minnesota Realtor® community. We also want to thank all of the members who submitted suggested changes for the Committee's consideration. As always, suggested forms changes can be [submitted here](#).

On the next page, you'll find a list of all forms changes, including the line number where the change has occurred. We encourage you to follow along with these changes by reviewing the 2026 Residential & Commercial SAMPLE packets found on our [Forms Webpage here](#) (You must be logged in to access packets). Highlighted line changes in the sample forms packets will correspond to those listed below.
