

# Global Solutions SYMPOSIUM > 2020

> February 19-20, 2020 >

Hilton Baton Rouge Capitol Center, Baton Rouge, Louisiana

## EXHIBIT TO GROW YOUR MARKET

Increase your company's visibility among top materials engineers and decision-makers in processing industries.

## WHY Exhibit?

- 11.5 hours of exhibition and networking to connect and pursue new business opportunities
- Showcase products or services to expand your global reach to companies from potentially 15 countries
- Reach a diverse audience of engineers in the CPI
- 150+ attendees anticipated

## Upgrading Technology and Addressing Challenges in the CPI

The Symposium will draw industry subject matter experts who are leaders in their respective fields.

MTI's vibrant community is made up of key CPI companies and leaders. According to the 2018 ICIS Top 100 Report, 15 of the top 50 chemical companies in the world are MTI members, and 6 MTI members rank among the top 10!

### Top Industries Served:

- Chemical Production
- Refining
- Mining
- Food Processing
- Pulp & Paper
- Pharmaceuticals
- Energy Production
- Semi-Conductor Manufacturing

### Top 4 Producer Job Functions:

*Includes Management & Non-Management*

- Materials Engineers – 28%
- Mechanical Engineers – 12%
- Reliability Engineers – 7%
- Inspection Engineers – 6%
