

FRP & DUAL LAMINATE TRAINING COURSE

14–16 November, 2022

NH Hotel Barbizon Palace • Amsterdam

Held in conjunction with the EuroTAC Fall Meeting

FRP & DUAL LAMINATE TRAINING COURSE

14 – 16 November, 2022
NH Hotel Barbizon Palace • Amsterdam

Held in conjunction with the EuroTAC Fall Meeting

The Materials Technology Institute (MTI) is offering a comprehensive three-day FRP and Dual Laminate Training Course. The course will cover a wide range of valuable information, including FRP and Dual Laminate materials and design fundamentals, manufacturing techniques for pipe and equipment, applicable codes and testing, fabricator qualification, installation, inspection, and repair options, as well as a review of case histories.

The course will be taught by instructors who have successfully completed numerous FRP and Dual Laminate projects and learned important lessons from a few mistakes along the way. These experts have more than 125 years combined experience and bring a wide range of subject matter knowledge to the table. Information covered in this course is not currently available anywhere else in industry.

Course is intended for personnel involved in procurement, inspection, reliability and maintenance of FRP and Dual Laminate equipment and piping. This training is especially beneficial for personnel new to the use of FRP and Dual Laminates. The material provides unique, practical information for inspection and maintenance of these materials of construction that is not available elsewhere.

COURSE HIGHLIGHTS

- Overview
- MOC / Materials Selection
- Design of Vessels, Piping and Flanges
- Fabrication of Vessels and Piping
- Laminating / Welding / Joining
- Installation
- Qualifying a Fabricator
- Testing Techniques and Tools
- Inspection of New Equipment
- Evaluation of In-Service Equipment
- Repair / Alteration
- Case Histories
- Summary / Evaluation Test

COURSE FEE: Members: 100€ Non-Members: 1000€
