

## **EMERGENCY RESPONSE TO AN ARMED INTRUDER FOR LAW ENFORCEMENT, SCHOOL ADMINISTRATORS, TEACHERS AND PRIVATE COMPANY PERSONNEL**

### **TRAIN THE TRAINER – EMERGENCY RESPONSE TO AN ARMED INTRUDER**

Armed intruder incidents are escalating at an alarming rate. Innocent victims are falling prey to armed intruders with one mission in mind – committing mass murder. Historically these events create victims in the first few seconds before the police have time to respond. This two-day course is a “train the trainer” model designed to create instructors who can then go back to their agencies, schools or companies and deliver this program. It also creates a force multiplier and makes the program much more cost efficient.

#### **COURSE OVERVIEW**

The course is designed to maximize the initial efforts of staff to afford the best chance of survival and to minimize casualties specific to their facilities.

This curriculum focuses on armed intruder profiles, equipment/techniques and the police response.

#### **STUDENTS WILL REVIEW**

- Site Security Assessment
- Past incidents, lessons learned, and indicators to recognize potentially dangerous situations
- Emergency procedures, decision making under pressure and escape drills
- Ad-hoc barricading, improvised weapons, and cover/concealment techniques
- Rescue tactics and self aid/buddy aid
- On this **two-day** Train the Trainer course, students focus on learning on the first day, and on the second day they implement the techniques as an **INSTRUCTOR** applying the lessons learned in an actual environment setting, to be able to go back to their facility to teach others.

#### **COURSE BENEFITS**

This course is conducted by real world professionals with strong operational experience in their respective fields. Our instructors are either active or former SWAT, CERT, Military and/ or Supervisory professionals with years of knowledge and experience as an Instructor.

- Strategies to create an effective immediate response plan
- Become skilled in techniques that can minimize casualties
- Learn how to make critical decisions in crisis situations

#### **ADDITIONAL DETAILS**

##### **PREREQUISITES:**

Each attendee should be able to perform minimal physical skills associated with rapid movement in escape drills. Attendees may also be required to crouch, crawl or lay prone during scenarios.

##### **Required Equipment:**

- Loose fitting “active wear”
