MUSE INSPIRE CONFERENCE

What is THE MUSE INSPIRE CONFERENCE?

The MUSE Inspire Conference is the premier annual event for MEDITECH users to gather for enthusiastic networking, dynamic educational presentations & demonstrations, engaging speakers, and robust discussions with exhibitors. This is your opportunity to make valuable contacts, develop relationships, and learn more about MEDITECH systems.

The 2026 MUSE Inspire Conference will be staged at the Hyatt Regency Chicago in Chicago, IL on May 19–22.

WHY EXHIBIT?

This is your opportunity to present your products and services to top decision-makers from hundreds of users from hospitals and facilities throughout the United States, Canada, and the United Kingdom!

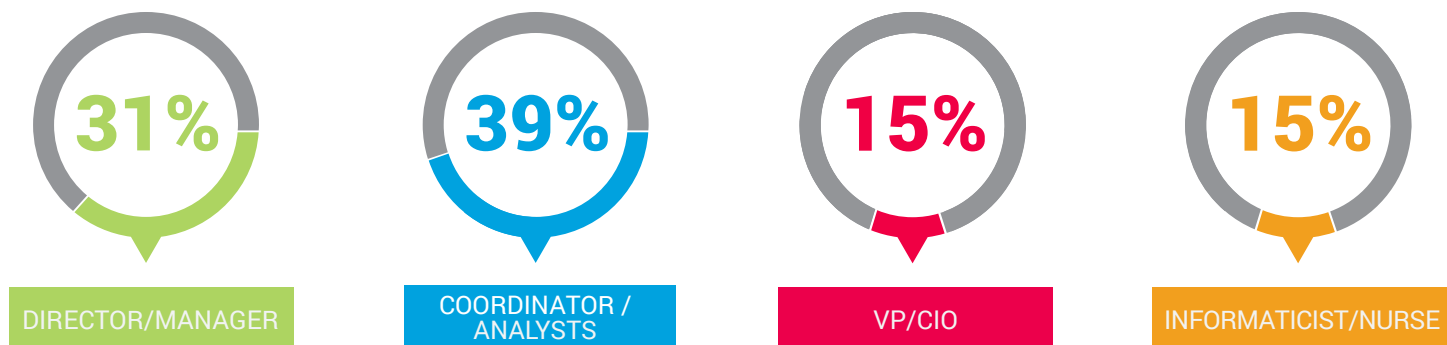

- Discover new clients and untapped business opportunities. MUSE serves more than 600 MEDITECH facilities. Show them how important your products and services are to their business!
- Network on and off the show floor. Secure new contacts and renew relationships with MEDITECH users all throughout the meeting.
- Succeed! Ask our returning exhibitors about their success in the past years. You are the reason our participants emerge with innovative ideas and solutions to improve their organization's productivity. In turn, you will leave with new customers, fresh leads, and a newfound respect for what MUSE's annual conference can enable your company to accomplish.

The 2025 MUSE Inspire Conference is **a great way to network and explore vendors opportunities within the MEDITECH ecosystem.**"

Shawn Burroughs, Chief Innovation and Security Officer, Northeastern Vermont Regional Hospital
