

GUEST POLICY

Central Oregon Chapter of EWGA welcomes and encourages guests and EWGA members from other chapters to participate in our events. That being said, we are encouraged to have a written guest policy that addresses the number of times a guest (or EWGA member from another chapter) may attend our chapter activities prior to needing to become a member of our chapter or a dual EWGA chapter member to continue participating.

Our chapter Board has set the following policy. Guests and EWGA members from other chapters may attend up to three (3) events during our regular golf season (April-October) and then they must become a member or dual EWGA chapter member to continue participating. During our off season (November –April) guests may attend an unlimited amount of golfing events. It should also be understood that guests may be required to pay regular rates as discounts are negotiated for EWGA members. EWGA members from other chapters participating in our events under this policy may register as a member and pay the member rate for the event. Fundraising events may be exempt from this attendance requirement. This policy applies to men and women equally.

It will be the responsibility of the Events and Activities Director to monitor attendance and to bring egregious abuses to the attention of the Board.

Thank you for your cooperation.
