

The EWGA-Orlando Board of Directors is pleased to announce its 2016 Volunteer Incentive Program. Because your time, talent and creativity play an integral part in the success of our organization, we want you to know how valuable your contributions really are.

Similar to LPGA's unveiling of a new season-long competition for the Race to the CME Globe, where participants earn points for each event in addition to a year-end rally, EWGA-Orlando's program will award points based on volunteer participation to the organization throughout the year and provide opportunity to earn an entry for year-end awards. The volunteer with the highest number of points accumulated each quarter will be rewarded a free entry to an Orlando-sponsored event of their choice up to a \$25 value. Volunteers accumulating the top points for the year are entered into a year-end drawing for prizes, including a one-year classic membership valued at \$130 and more.

Type:	Activity	Points Value
