Still More Dates: League Registration Starts March 24

In 2016, we offered about 200 openings in our 15 golf leagues, at all skill levels ranging from beginner to low-handicapper. We expect to offer at least as many league slots in 2017, and may also be able to add openings at some of our most popular venues--stay tuned! Meanwhile, here are tentative registration dates (still subject to adjustment):

- Early registration for 2016 league members who met attendance requirements, March 24-April 2.
- Open registration for all Chapter members signing up for their first league, April 5-15.
- Final registration for all signing up for first or second leagues and subbing, April 16-25.
