

## From your Membership Committee

### ***What benefits are included in each of the membership categories and how do they differ?***

In 2011, all members, no matter which level chosen, receive membership in the EWGA Chapter of choice, access to the EWGA Golf Handicap system for their official USGA handicap index (\$30 value), discounts on playing opportunities and lessons at all EWGA Golf Club Network facilities (priceless!), a personalized EWGA bag tag and 20th Anniversary commemorative gift (\$15 value), access to the “Ask the Industry” and “Web Café” educational webinars, complimentary subscriptions to Golf Week and Golf Digest magazines (\$46.94 value), discount subscription to Golf Fitness magazine (\$15.95 value), coupons for golf playing/savings opportunities (valued at over \$300), and a member card and key fob. Members should check the EWGA website often, as new benefits are added throughout the year.

In addition to the benefits listed above, members who renew at the Premier level of membership will receive a special EWGA-logoed gift (\$25 value), additional discount offers during the year from EWGA sponsors and benefit providers, and invitations to participate in selected Executive level events during the year.

Members who join/renew at the Executive level of membership will receive:

- A savings of \$50 when registering to attend the EWGA Golfpalooza;
- A special limited edition EWGA-branded pearl bracelet valued at over \$100;
- A \$50 credit if they open a savings account (minimum \$5) with XCEL Credit Union (an EWGA partner);
- Access to exclusive invitation-only events online and On Course with EWGA events.

### ***What will members need to send for proof of age if they join/renew at the new Young Professional (ages 18-30) or Senior (ages 65+) membership categories?***

Members who join/renew at the Young Professional or Senior categories will need to submit a current and clear copy of their driver's license showing their date of birth.

Members who select either of these membership categories will need to submit their forms and payments via fax or email rather than online so that proof of age can be verified before the payment is processed.
