Introduction

The IMPACT PLUS Navigator exam is designed to assess whether a candidate has the requisite knowledge and skills that a minimally Qualified Navigator must possess. The exam consists of 80 multiple-choice, multiple-correct multiple-choice, build list, and hot spot questions that are based on the IMPACT PLUS Qualified Navigator body of knowledge. A candidate should have theoretical concepts and practical application of corrosion management processes with a strong focus on interpretation of analytical data.

*NOTE: A pass / fail grade is provided at the end of the exam.*

*NOTE: The course manual is provided in the exam as a pdf. This pdf is intended to be reference material on questions that require a formula, conversion chart or other reference to answer specific questions. However, you must prepare for the exam as the exam was designed so that there is NOT enough time to look up the answer to every question. It is suggested that you limit your use of the reference material to approximately 20% of the exam.*

Target Audience

Who Should Attend:

- Asset owners
- Senior level managers
- Asset management strategists
- C-suite executives
- Corrosion management consultants

Training is intended to offer a better understanding of the powerful tools used with IMPACT PLUS and how they benefit an organization to assess and improve asset protection through corrosion management.

Attendees may be:

Asset owners, c-suite executives, senior level managers, or one of their own business champions looking to improve their organization’s asset protection and corrosion management by performing an audit on their own or using a qualified Navigator.

Individuals should possess the corrosion management expertise and consulting skills required to become a qualified Navigator. Qualified Navigators help their own organization or other organizations “navigate” through a corrosion management audit. These might include corrosion or asset management consultants or strategists that wish to effectively identify and resolve gaps in their organization or other organization’s corrosion management processes and strategies.
Requirements

Requirements for IMPACT PLUS Navigator:

- Education: BA/BS degree
- Work Experience: A Navigator should have a minimum of 5 years of business-to-business sales experience with large, international, matrixed organizations and a proven track record of successfully building relationships to develop business.
- Complete the Navigator Training Courses:
  - IMPACT Plus: Strategy for Corrosion Management (2-hour eCourse)
  - IMPACT Plus: Navigator Training (2-Day Classroom Course)
- Pass a Qualification Exam
- Submit a completed application and fees
- Pre-Assessment Video/Interview with Review Board

For Specific Requirements, the most up to date information can be found at nace-impact.org.

Requalification requirements: Requalification application* required every 3 years
*Approval required
Exam Body of Knowledge

NOTE: At the end of the CBT exam the candidate should log on to their NACE profile to view a bar chart of strengths and weaknesses that correspond to these Domains.

1. Introduction
2. Corrosion Management Maturity Model (CMMM)
3. Roles & Responsibilities
5. Navigation Process – Phase 2: Survey Workshop
9. Becoming a Qualified Navigator
10. Course Wrap Up

Types of Questions

Description of Questions

There are four different types of question on this exam: Multiple Choice, Multiple-Answer Multiple Choice, Hotspot, and Build List. The questions are based on the knowledge and skills required in the corrosion industry for an IMPACT PLUS Navigator.

Sample Questions

The sample questions are included to illustrate the formats and types of questions that will be on the exam. Your performance on the sample questions should not be viewed as a predictor of your performance on the actual test.

1. What is the final phase of the Navigation Process?
   A. Analysis
   B. Wrap Up
   C. Survey Workshop
   D. Aspirations Workshop
2. Which of the following are roles of the Champion?

**SELECT ALL THAT APPLY**

A. Kick off the Survey Workshop with opening remarks
B. Coordinate workshop logistics, including facility and catering needs
C. Motivate people on the importance of the effort and allocate resources to support the effort
D. Review participant report after the Survey Workshop and provide comments to the Navigator

3. Use your mouse or pointing device to put the steps of the IMPACT PLUS Navigation Process in the proper order.
