AMPP IS ON THE GSA

FIND OUR TRAINING & CERTIFICATION ON THE GSA SCHEDULE

In 2020, AMPP was founded in merger involving SSPC, the original GSA contract holder. As a result, the remaining 4 years of the contract were transferred to AMPP. Under this contract we are able to offer our training courses and educational tools at a rate that only a GSA contract can provide to eligible card holders.

ABOUT AMPP TRAINING & CERTIFICATION

Our hands-on training and practical certifications can help build your career and assist you in meeting the requirements of industry specification. Training and certification has a path that will fit your career and the industry's requirements.

HOW TO TAKE ADVANTAGE OF GSA PRICING

- 1 Find out if GSA pricing is available to your organization through gsa.gov.

*If you are unsure if you qualify, please visit GSA's eligibility determinations webpage and scroll down to the section titled "II. Who has Already Been Determined Eligible" for information on eligible entities. The GSA updates this listing regularly and you can download the PDF document from their site.

- 2 Review the list of AMPP available courses and course pricing on our GSA schedule by visiting GSAadvantage.gov
- 3 Download the GSA Course Registration Form at www.AMPP.org/GSA and fill out all fields in the chart that are applicable.
- 4 Forward the registration form to the GSA point of contact at jennifer.merck@ampp.org in an email titled GSA application. AMPP's GSA point of contact will review all applications for registration and contact you with further information about the payment and registration process.

ALL ITEMS ON THE LIST OF ONSITE COURSES HAVE QUANTITY/VOLUME DISCOUNT (SEE CHART BELOW)

AMPP would charge the customer at the < 50 per student rate for each class assuming each class will have < 50 students. At the end of the year, if for instance customer puts 210 students through the program, AMPP will then create a credit for the customer, since the per student rate would be 12% less. The credit could then be used towards your membership renewal, putting students into other training courses or to use towards other AMPP products and or services.

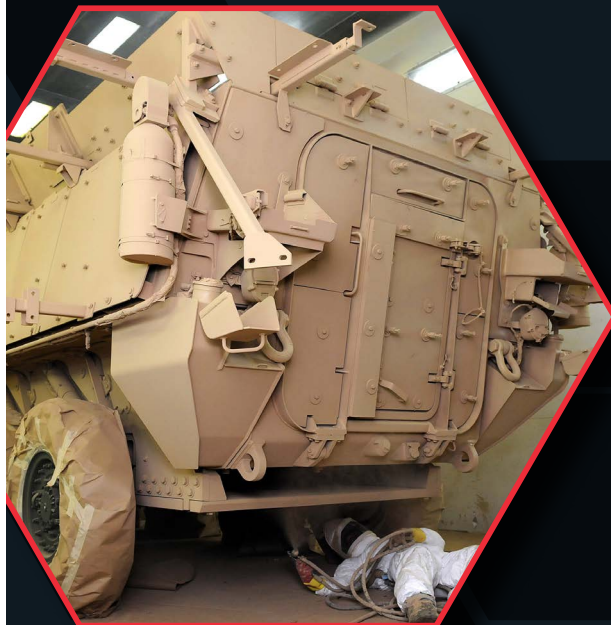

The total number of students must come from one unique location. For example, if Norfolk Naval Shipyard put 51 students into a class, they would receive a 3% discount. Puget Sound Naval Shipyard (since they are a different location) could not put students towards Norfolk Naval Shipyard 51 students. This applies to onsite courses in the below list only.

# of students	<50	51-100	100-150	151-200	200+
Discount		3%	6%	9%	12%
