To: All **AMPP** Members

I wanted to take the time to introduce myself as the account manager for the new **AMPP** car rental travel program and also provide valuable information to make your travel smooth and efficient as a member of this great program.

How do I take advantage of this new program with Enterprise Rent-A-Car & National Car Rental?

The new **AMPP** member account has several benefits that you the traveler can take advantage of. I have included in this packet an Emerald Club enrollment link and membership information that will allow you to create a frequent traveler profile to use with National Car Rental or Enterprise Rent-A-Car.

What if I am already a member of Emerald Club?

In the event that you are already a member of Emerald Club, please contact me directly with your membership information so that I can load your profile internally and provide the appropriate contract matching that you are entitled to as a member of AMPP.

What if I am already a member of another provider's membership program?

With the transition to the Emerald Club program you are entitled to a contract match from your current provider to our Emerald Club program, please contact me directly with your membership information (provider and level of membership) and I will enroll you directly into the program and also make sure the contract is connected as well.

Please feel free to reach out to me if you have any questions or concerns. As the Account Manager, I will be more than happy to assist any way possible.

Kind regards,
