Membership Program Committee Chair Update

Dear Section and Chapter Leaders:

The Membership Program Committee is continuing the work needed to establish new AMPP Chapters and Clubs globally before the end of the calendar year. Many of you may have already been contacted to establish your new chapter names. Please know that we are working on this process in phases, so if you have not been contacted yet, don’t worry; we will reach out when it is your time.

In addition to confirming new names for our AMPP Chapters and Clubs, the Committee has also engaged with the AMPP marketing team to start exploring logo concepts that will be used for marketing our local groups. We are looking forward to finalizing a Chapter logo design that will be made available to all Chapters and Clubs soon.

In an effort to progress the work of the Membership Program Committee, four task forces have been established to help. Three of the task forces will focus on specific regions where current Sections and Chapters have overlapping boundaries. The task forces will work with stakeholders to define geographic boundaries for AMPP Chapters and Clubs. A fourth task force will begin exploring how current Areas in NACE transition under AMPP.

We will continue to make sure our leadership is well informed of progress as the Committee and working task forces move forward with their work to bring our NACE Sections and SSPC Chapters together.

Sincerely,
Debra Boisvert

The NACE Central Area Conference was held from August 4-6, 2021 in Kansas City, MO. During the conference, the Area hosted an open roundtable FAQ session with AMPP CEO, Bob Chalker. The conference team is working to establish additional FAQ sessions during future events as it proved an effective forum for members to ask questions.

The leadership committee members from the NACE San Francisco Section and the SSPC Northern CA – Northern NV Chapter gathered at Zio Fraedo’s Restaurant in Pleasant Hill, CA - on Thursday, July 15, 2021.

Fifteen leaders shared a working dinner to discuss the status of our local membership, express candid opinions and ideas about the AMPP merger, and begin to define the needs of a local umbrella organization with respect to members, participation and revenue generation. All agreed to finish 2021 aligned with our individual groups keeping a watchful eye on transitions being proposed by the AMPP Membership Program Committee. Both groups have been working respectfully together for meeting and event planning, for networking opportunities, and for program and information sharing over the years.

If you have upcoming events within your Section and Chapter and would like an AMPP representative to be available, please reach out to Cindy.Tracy@ampp.org. Cindy can assist in coordinating staff and/or member leaders for the purpose of informing your members at local events.

We encourage our regional member groups to engage and collaborate. If you would like to share a success story of a NACE Section and SSPC Chapter coming together for the engagement and benefit of the regional membership, please send details to cindy.tracy@ampp.org to be featured in an upcoming newsletter.

Stay up to date with information on the merger at the page below.
