Updates for Section and Chapter Leaders

The Membership Program Committee has been working on the following:

Election Procedures – Review best practices for how our regional groups will elect incoming officers with AMPP including establishing a timeline.

Petition of New Communities – Once all our new communities are established we will need to have a process for how new communities will be formed within AMPP and the Membership Program Committee is looking at what that petition and approval process includes.

Community Officer Positions – Reviewing the positions of the Governing Board and what is required within AMPP.

National Volunteer Week – Building a better association through the power of volunteers.

Volunteers play an essential role at AMPP dedicating their time and energy in support of our mission. We would like to thank you for your leadership and support. Your selfless commitment to continue with AMPP as a volunteer leader is truly incredible. You are appreciated.
