

Academic Scholarship Program

OpenWater Tutorial on How to Apply for Academic Scholarships

STEP 1

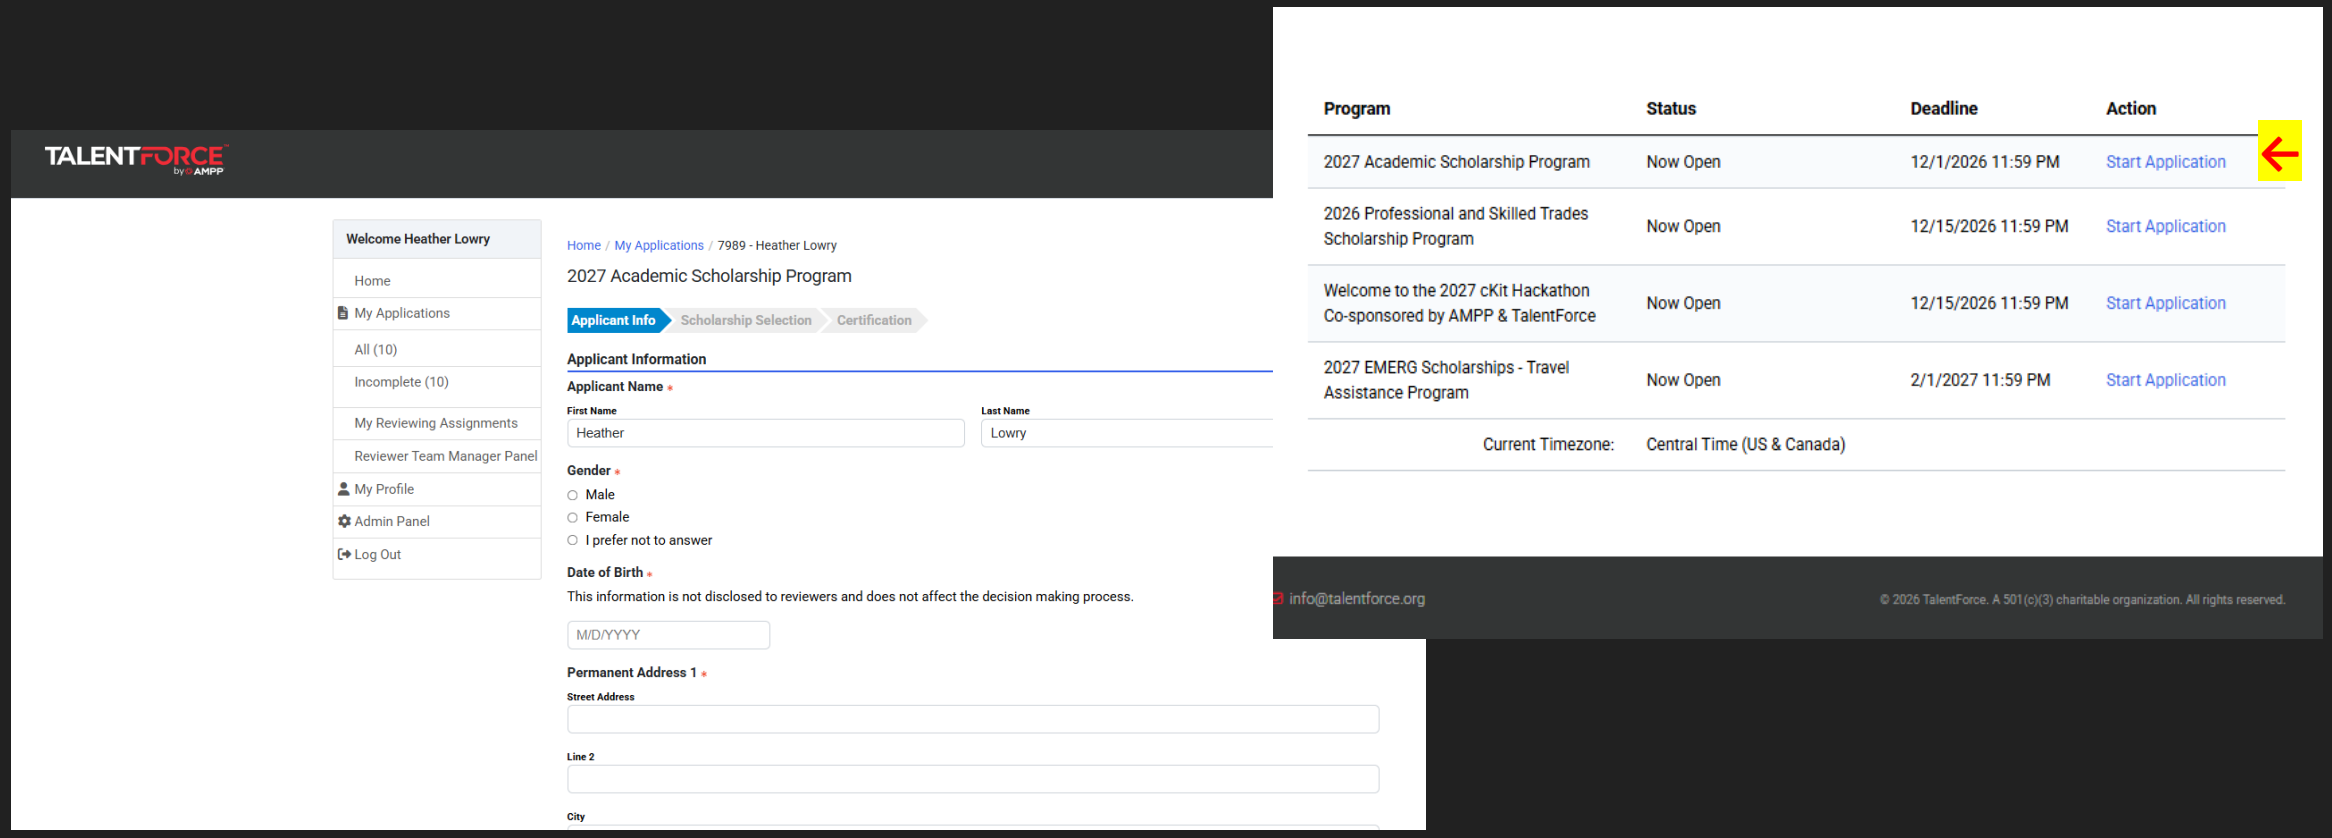

- Navigate to the OpenWater landing page and log in with your ampp.org credentials. If you do not already have an account on ampp.org, you will be prompted to create one.

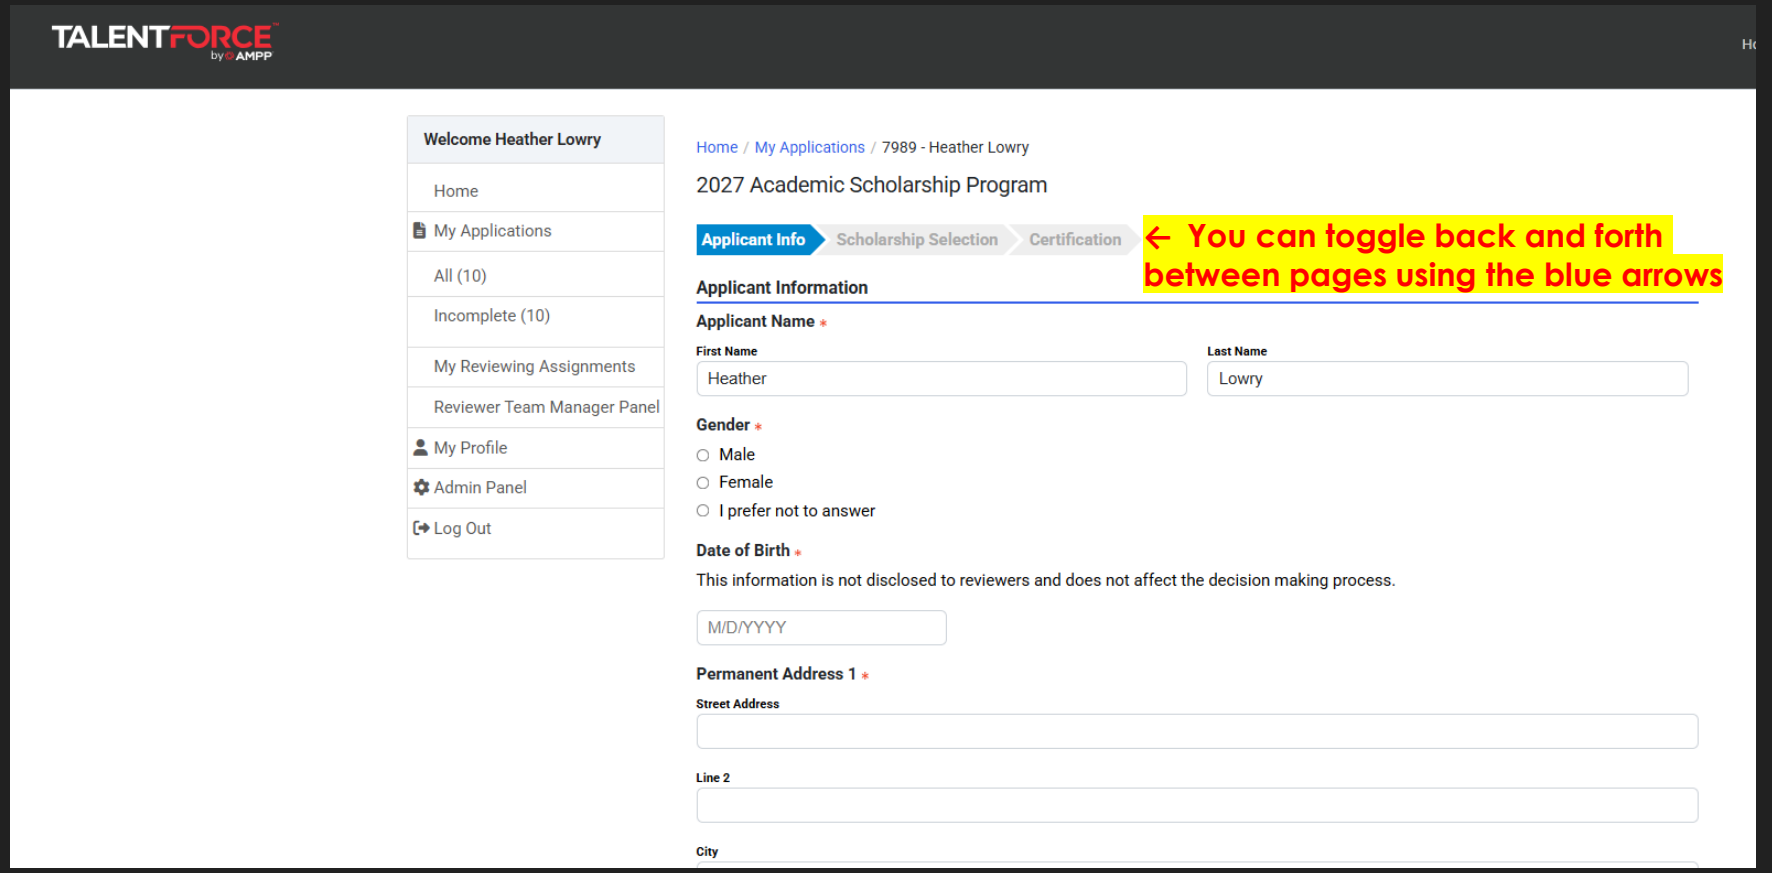

STEP 2

- Select the 2027 Academic Scholarship Program and then “Start Application”. This will take you to the Application landing page.

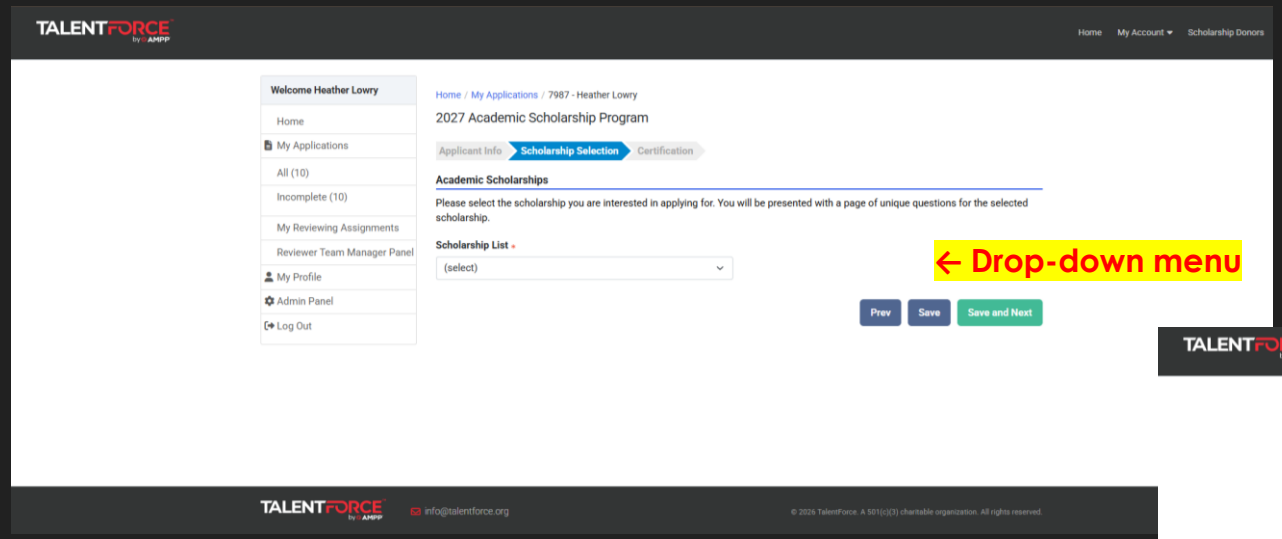

STEP 3

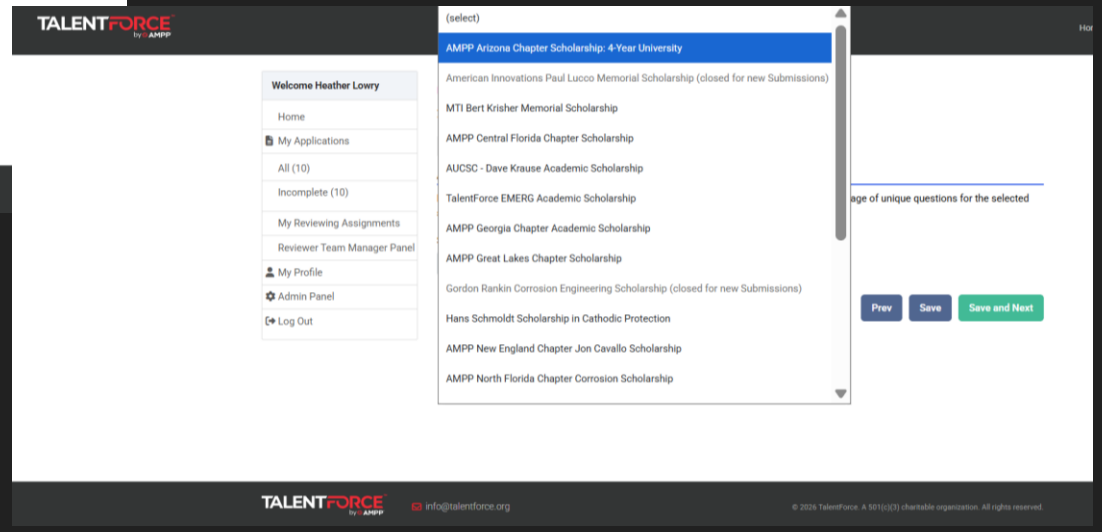

- Navigate through all pages of the application (you can click through the blue arrows at the top of the page). Complete all required fields and “Save and Next” at the bottom of each page.

STEP 4

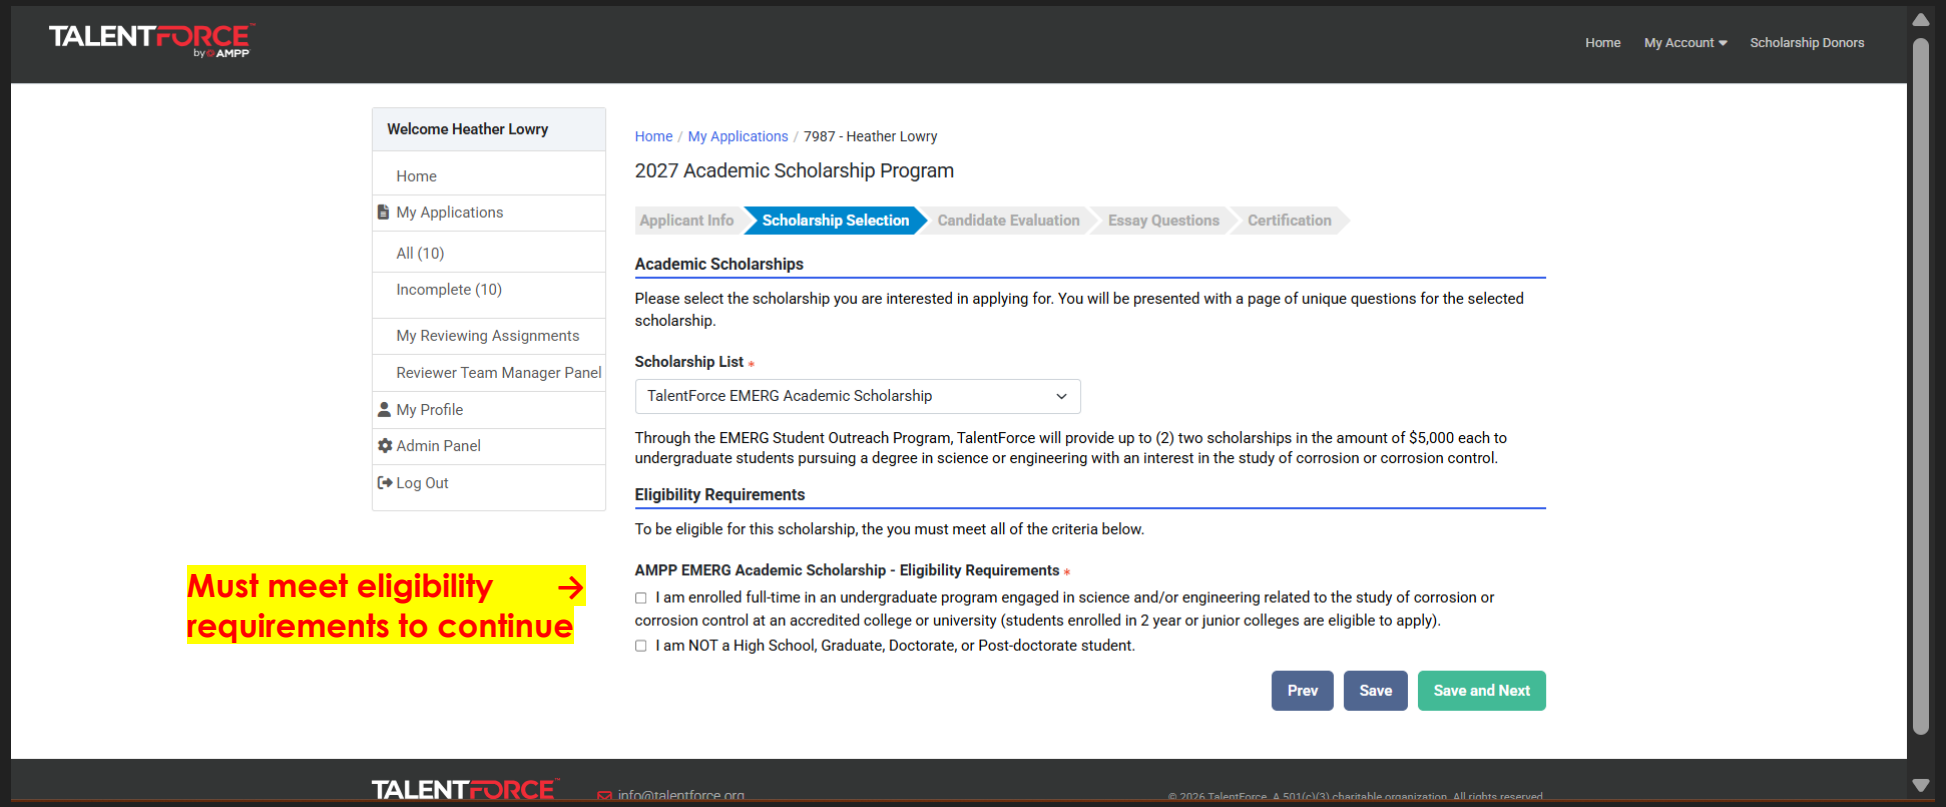

- On the ‘Scholarship Selection’ tab, there will be a drop-down menu of available scholarships. (Note: If a scholarship is grayed out and you are not able to select, it is not currently available.) Select the first opportunity you would like to apply for and “Save and Next”.

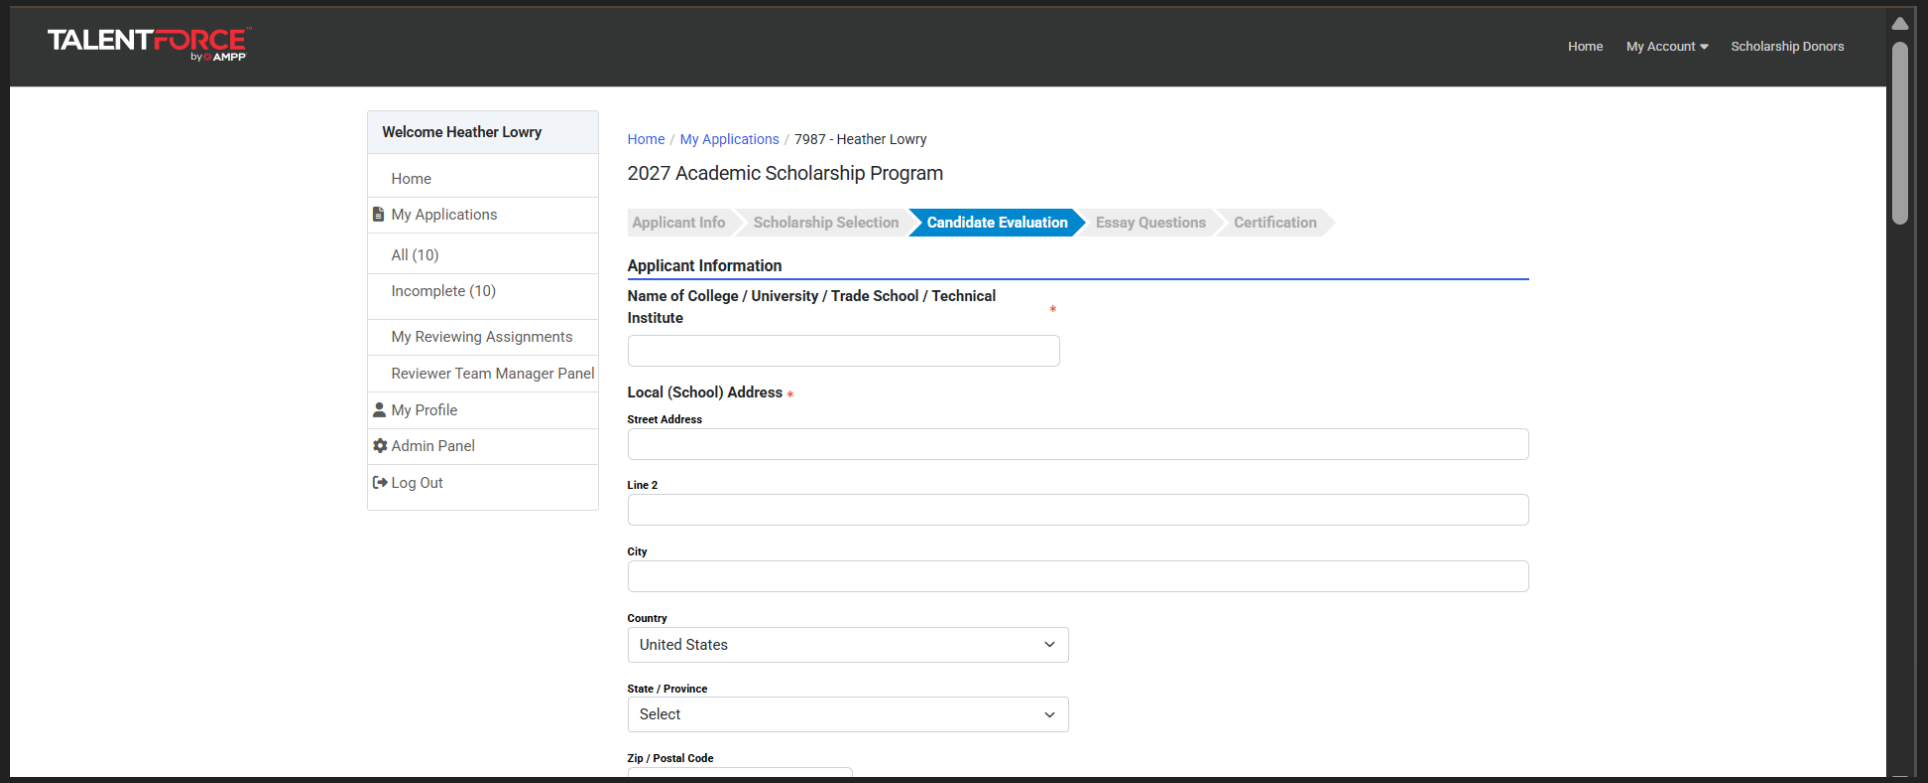

STEP 5

- Once you select a scholarship, you will see a brief description and a list of Eligibility Requirements you much check to continue. If you do not meet the requirements, you are not eligible for that specific scholarship. Go back to previous tab and select another opportunity. If you qualify, check the boxes and “Save and Next”

STEP 6

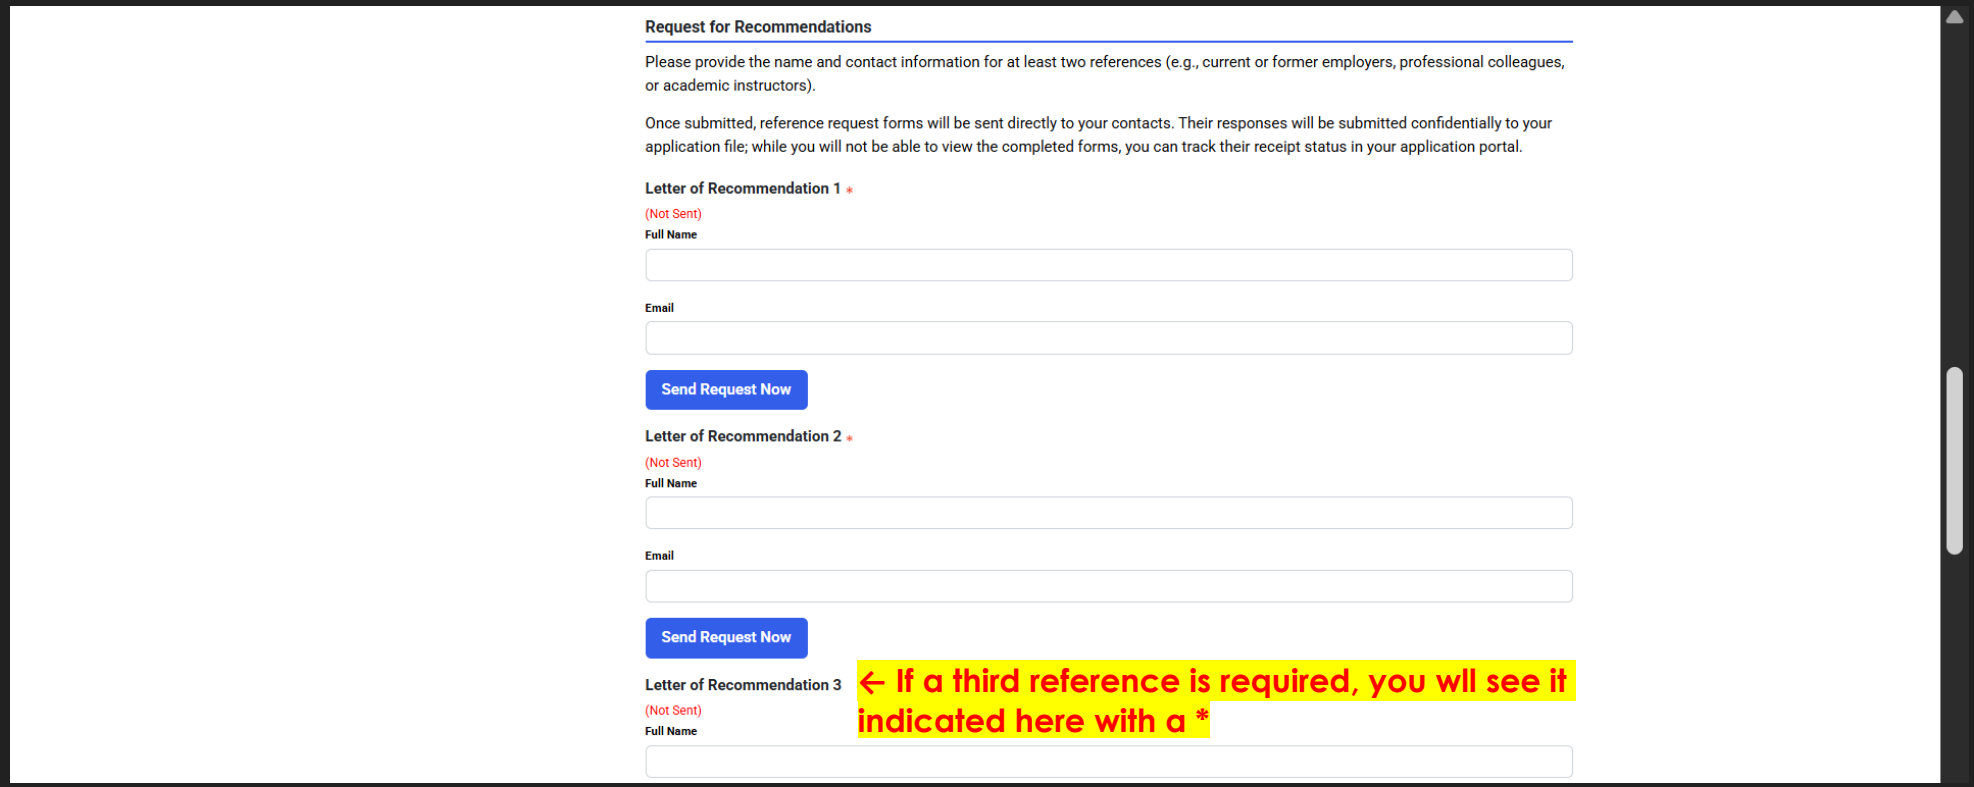

- Enter all of your personal information on the ‘Candidate Evaluation’ tab. Towards the bottom, you will have the opportunity to upload your transcript, resume, and sent our reference requests directly from the platform.

TALENTFORCE™ by AMPP

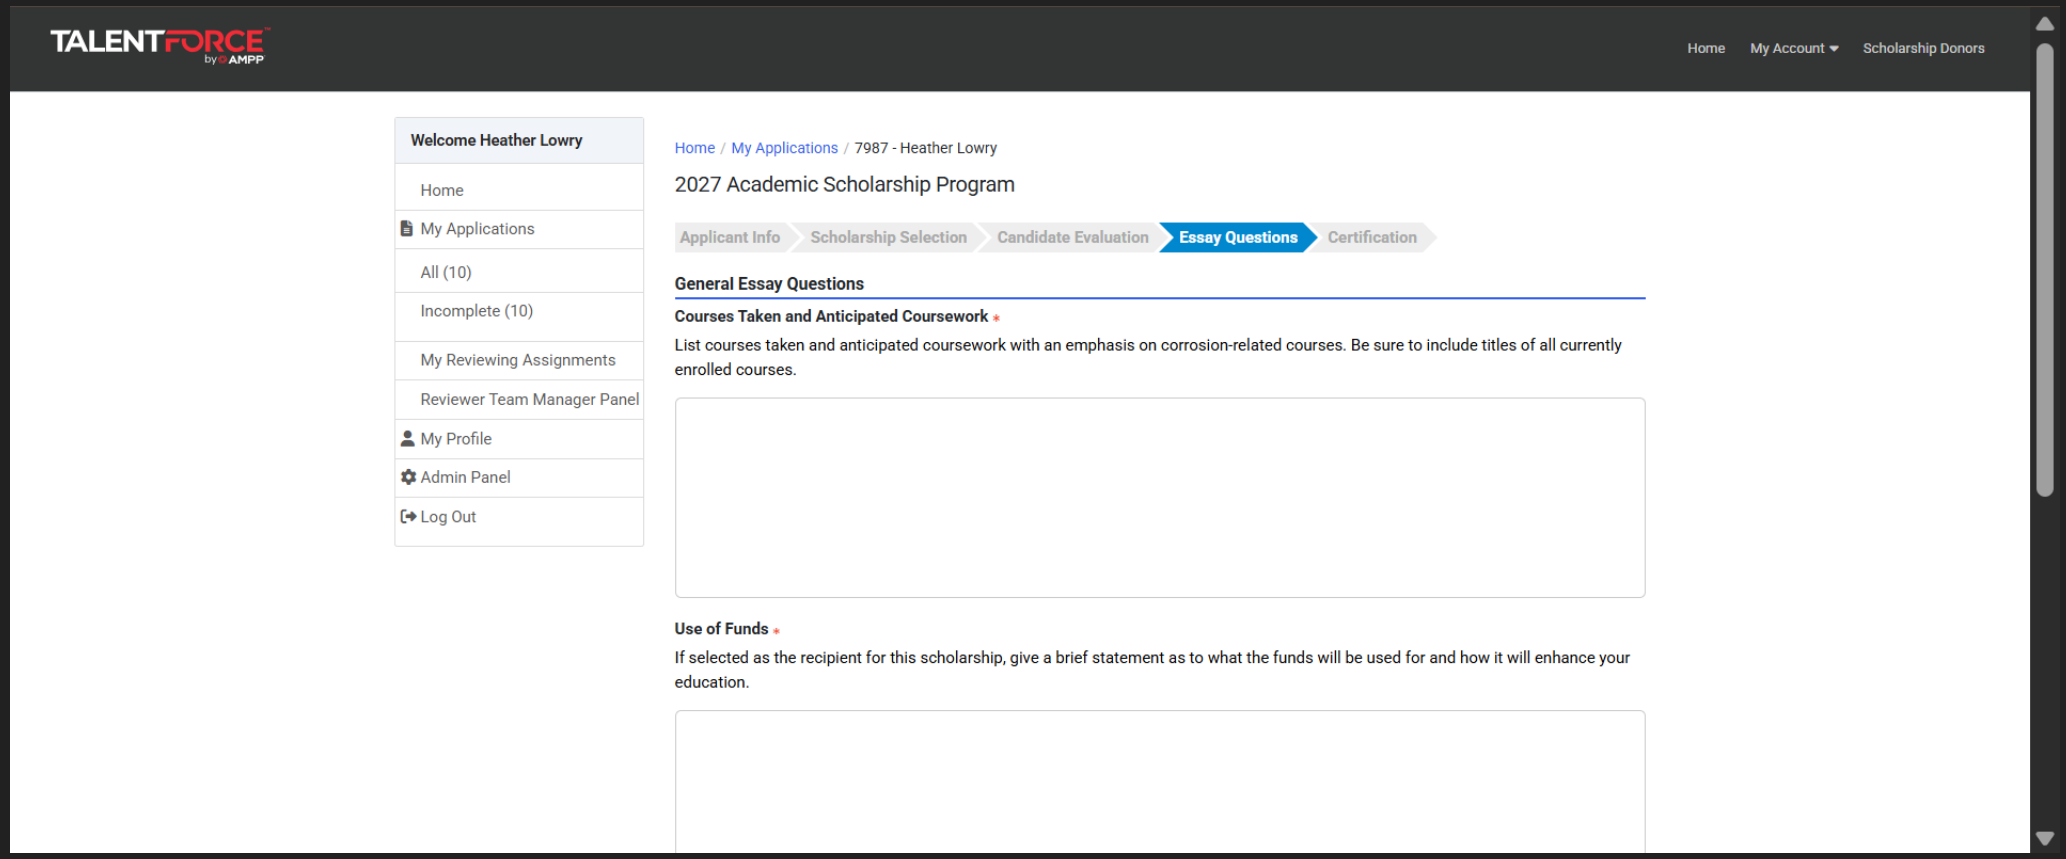

STEP 7

- You will not be able to see the information your references return, but you will see a notification next to the request that it was received. You have the option to request up to 5, but only 2 are required on most applications and 3 are required on a couple. After entering all information, "Save and Next".

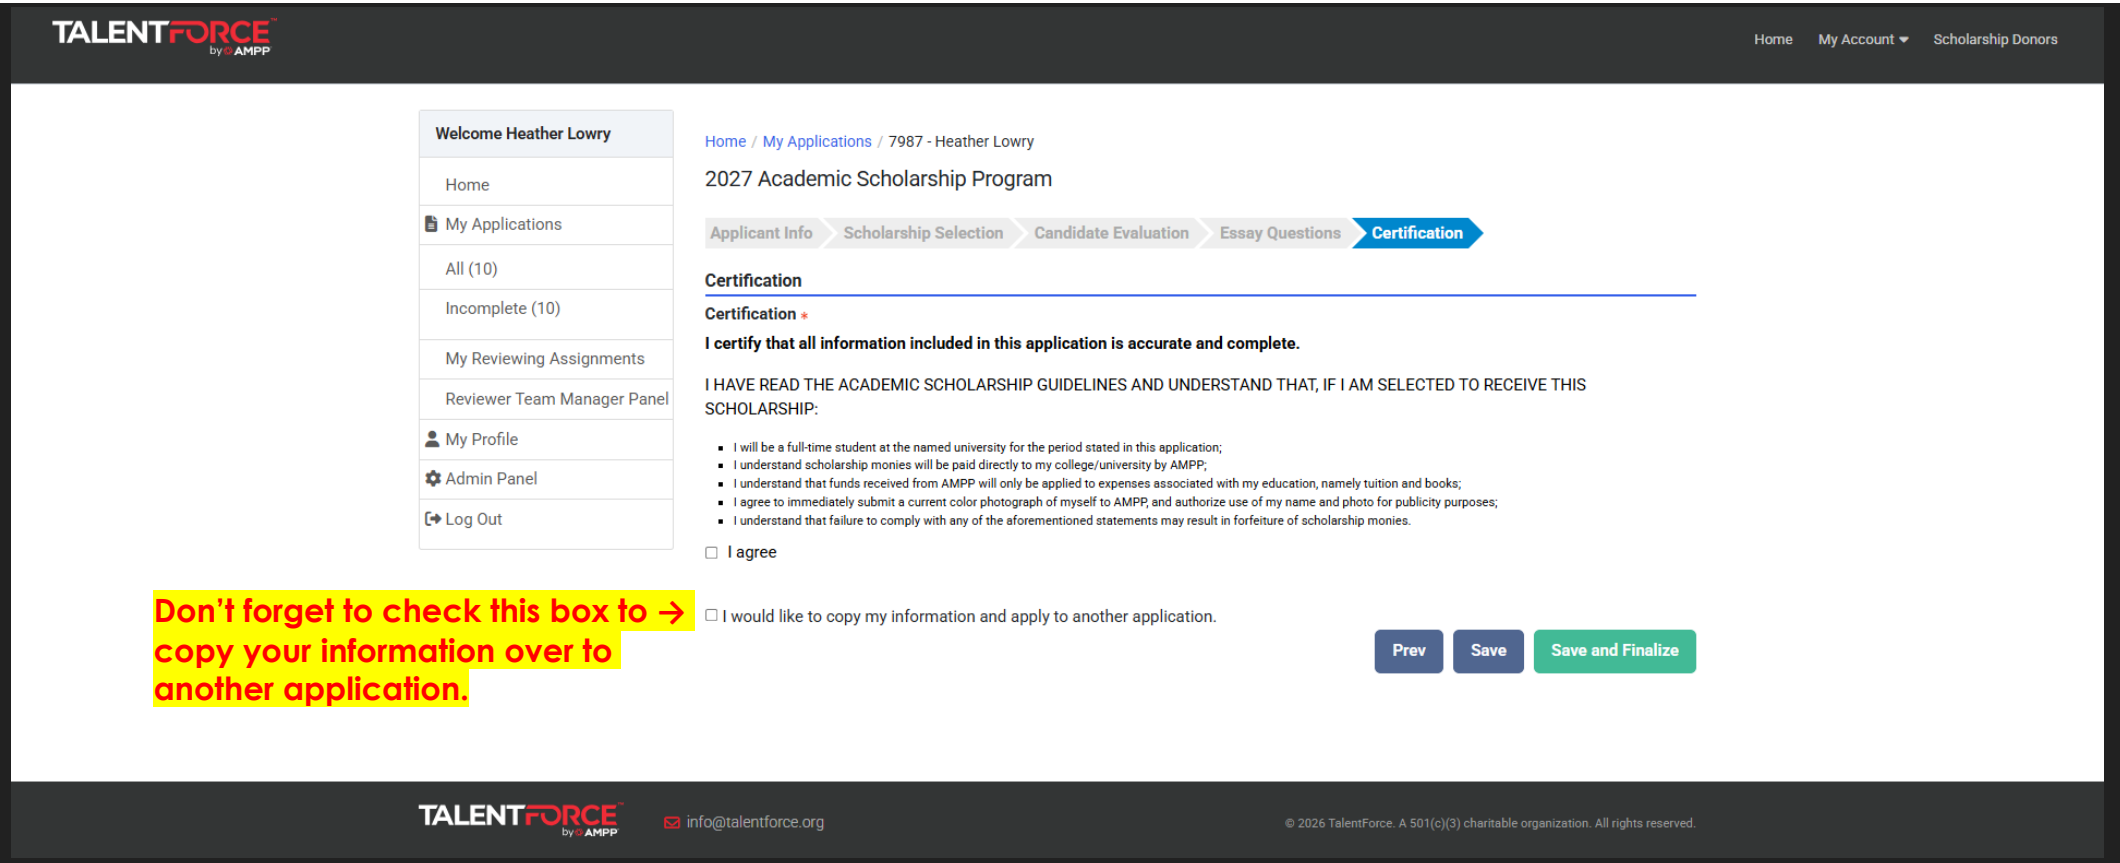

STEP 8

- Next is the ‘Essay Questions’ tab. Complete all required information then “Save and Next”.

STEP 9

- On the certification tab, you will read through the information and select the "I agree" checkbox. Once you are done, before you "Save and Finalize" you will want to check the "I would like to copy my information and apply to another application box". Check this box if you plan to apply for subsequent scholarships and your information will be copied over to the new application. *Some scholarships may have additional questions you will need to complete before submitting.
