

Call for Abstracts: Presentation-Only Sessions

Thank you for your interest in AMPP Annual Conference + Expo 2027! Please use key terms that apply to your proposed presentation while determining which session will best fit your topic. For example, if you're looking to submit an abstract pertaining to workforce development, you may want to search "workforce," and you'll find the session titled, "The Workforce They Didn't Plan For."

Coming soon: descriptions for each session, chair and vice chair information, and associated industry vertical.

Title

- Aging Infrastructure Forum
- Bridge/DOT Coatings Forum
- Coating Inspection
- Coatings 101: Materials, Operations, and More
- Continuous Corrosion Monitoring Systems in Field Environments
- Corrosion Assessment and Mitigation of Reinforced Concrete Infrastructure
- Corrosion Challenges in Modern Navy
- Corrosion Prevention as a Business Value-add
- Corrosion Risks of Amine-Based Carbon Capture Plants
- Data Challenges in Corrosion
- Electrochemical Techniques for Measuring Corrosion – Technical Forum
- Emerging Corrosion Issues in Solar and Wind Energy
- Environmentally Assisted Cracking (EAC) Forum
- High-Temperature Corrosion Mechanisms Forum
- Innovations in Smart, Nano-Engineered, and Novel Functional Coatings
- Marine Coating Performance
- Materials Sustainability and Materials Stewardship Practices
- Military Coating Case Studies
- Natural Degradation of Wooden Assets
- New PHMSA Regulations and Staying Compliant
- Pipeline Protection: Tape and Other Materials
- Protective Coatings for Offshore Assets
- Surface Prep Application & Equipment
- The Workforce They Didn't Plan For
- Thermal and Cold Spray Processes and Applications Case Studies
- Thermally Insulative Coatings (TICs)
- Zinc Coatings and Galvanizing for Asset Protection in Corrosive Atmospheric Conditions

The Global Leaders in Materials Protection & Performance

With offices located in Canada, United Kingdom, China, Malaysia, Brazil, Saudi Arabia and the United States ampp.org
