PARTNER WITH NADP

*Let's work together to improve oral
and systemic health for Americans*

Periodontal disease and tooth loss has been linked to increased risk of:

- Oral cancer and other cancers such as esophageal, lung and colorectal cancer
- Cardiovascular disease
- Chronic kidney disease
- Dementia and Alzheimer's Disease
- Pre-term birth
- Impaired glycemic control

Did you know...

Nearly half of consumers are aware poor oral health increases their risk for various medical conditions, according to the NADP Consumer Survey.

National
Association
of
Dental
Plans

NADP is the largest non-profit trade association focused exclusively on the dental benefits industry. NADP's members provide dental HMO, dental PPO, dental Indemnity and discount dental products to more than 200 million Americans with dental benefits. Our members include the entire spectrum of dental carriers: companies that provide both medical and dental coverage, companies that provide only dental coverage, major national carriers, regional, and single state companies, as well as companies organized as non-profit plans.
