

Videos Aid Efforts to Address Employee COVID-19 Vaccine Concerns

Employers play a critical role in encouraging employees and their family members to get vaccinated as soon as they are able. To support vaccine education initiatives, the National Alliance has created a COVID-19 immunization video series for employees. Please feel free to share these widely to help overcome vaccine concerns.

The videos can be easily embedded in websites by using the codes below. Embedding depends on the website content management system, so a single set of instructions is not available. For assistance, please contact Jean Hanvik (jhanvik@nationalalliancehealth.org). For information about customizing the videos, please contact (sfrank@nationalalliancehealth.org) for details and pricing.
