Leading, leveraging, localizing:
There is power and influence in regional coalitions and their employer members collaborating and uniting their messages to ensure progress in delivery & payment reform, total person health, and health policy. The National Alliance is the only nonprofit, purchaser-led organization with a national and regional structure dedicated to driving health, equity and value across the country. Members represent private and public sector, nonprofit, and Taft-Hartley organizations, and more than 45 million Americans spending over $300 billion on healthcare.
