1	Full-time		41	71%
2	Part-time		16	28%
3	PRN		0	0%
4	Volunteer only		1	2%
	Total		58	

7. My practice setting is predominantly:

#	Answer	Bar	Response	%
1	Rural		4	7%
2	Urban		52	93%
	Total		56	

8. Were you aware that all WAPNAP members can post messages, clinical questions, information updates, and conference information through our listserve by sending a message to wapnapmembers@lists.wisc.edu?

#	Answer	Bar	Response	%
1	Yes		34	60%
2	No		23	40%
	Total		57	

9. The WAPNAP Board currently meets three times a year. WAPNAP Board meetings are open to all members. Would you be more likely to attend WAPNAP Board meetings if: (Indicate your top two preferences)

#	Answer	Bar	Response	%
1	Meetings were held via teleconferencing over the Internet (similar to Skype)		27	48%
2	Meetings were rotated in various parts of the state		18	32%
3	Meetings were held at the same place every time in a central location		4	7%
4	Meetings were held during various pediatric conferences around the state		18	32%
5	I have no interest in attending Board meetings		12	21%

10. Have you used the NAPNAP Member's Only social networking site?

#	Answer	Bar	Response	%
1	Yes		5	9%
2	No		52	91%
	Total		57	

11. What is/are your preferred methods of communication with this organization?
Check your top two preferences.

#	Answer	Bar	Response	%
1	WAPNAP member private email listserve		46	82%
2	NAPNAP "Members only" social networking site, to be developed for our chapter		10	18%
3	WAPNAP annual meeting		10	18%
4	WAPNAP annual electronic newsletter		39	70%

12. Were you aware that WAPNAP has an annual meeting every spring that is open to all members?

#	Answer	Bar	Response	%
1	Yes		43	75%
2	No		14	25%
	Total		57	

13. What would you like WAPNAP to focus on in the next two years?

Text Response

Child obesity networking, treatment, research

I think WAPNAP has been very creative in promoting the role and advocating for groups that serve children and I would like to see this continue. Coordinating with the annual Pharmacology conference seems to be advantageous for both WNA and WAPNAP. I believe it's helpful to interest students in WAPNAP through free memberships while in their programs.

Legislate for single payor plan so adolescents and young adults don't have to get pregnant to have health insurance

legislative: role of NPs promote child health- highlighting disparities.

Increase interest in broader roles for PNP's outside of Primary Care

I would like WAPNAP to focus on connecting APN's in Wisconsin and border states. Networking, especially networking within specialties (as that is the way APN practice seems to be heading) is vital. Given our current economic and health care situation, I believe promoting the role and benefits of growing the APN role is incumbent upon us. A better window of opportunity may not be available for years. Let's take this opportunity to sell ourselves and the benefits we bring to the patients and families we serve!

Preparation for health care reform. Providing information regarding NP practice as it relates to health care reform. Continue to facilitate communication regarding practice and legislation amongst NP's across the state.

more continuing education

Promotion of APN Role to public. Update WAPNAP members on changes to pediatric and maternal child health care as health insurance legislation changes are being implemented. Informing members about legislation that affects child and family health and well being and facilitating means for them to contact appropriate legislators.

continuing APN education in the state and nationwide

I think we need to promote the APN role especially with the DNP role coming up.

Childhood obesity Underserved populations Children with disabilities

14. Comments or feedback for Board members:

Text Response

Thanks for all you do.

Thank you for all the hard work!

Great work over many many years - thank you for your leadership and altruism!

thank you for your work.

Thank you for all the time and effort you put into WAPNAP!

I think the board does an excellent job! I do wonder if board meetings were rotated if there would be better board representation from PNP's from the northern part of the state?

thanks for all the hard work and education

I think you do a great job. Keep up the good job.

15. Where should the WAPNAP annual meeting take place? Indicate your top two choices.

#	Answer	Bar	Response	%
1	WNA APN Forum spring Pharmacology conference (held in rotating locations from year to year)		38	68%
2	Rotating locations throughout the state independent of the WNA Pharmacology Forum		16	29%
3	In conjunction with the Children's Hospital of Wisconsin fall pediatric conference		24	43%
4	Electronically on a pre-determined date		12	21%

16. What do you hope that WAPNAP can do for you? Indicate your top three choices.

#	Answer	Bar	Response	%
1	Provide legislative advocacy		27	47%
2	Facilitate professional networking with other APN's		30	53%
3	Promote child health in Wisconsin		35	61%
4	Provide opportunities for continuing education		35	61%
5	Promote pediatric nursing research		9	16%
6	Stimulate public interest in pediatric advanced practice roles		19	33%
7	Enhance the role of APN's as pediatric primary care providers		21	37%
8	Other		0	0%

17. How would you like your WAPNAP membership funds utilized? Indicate your top three choices.

#	Answer	Bar	Response	%
1	Research support for members		16	28%
2	Student scholarships		13	23%
3	Grants for continuing APN education		25	44%
4	Student conference stipends		3	5%
5	Legislative issues		18	32%
6	Grants for community projects		24	42%
7	Partnering with other pediatric health care organizations		16	28%
8	Marketing APN roles in Wisconsin		22	39%
9	Program support (i.e., APN conference speaker support)		28	49%
10	Other		3	5%
