NASBLA Dashboards: Registration & Titling Survey

The [NASBLA Vessel Identification, Registration & Titling \(VIRT\) Committee](#) understands how overwhelming it can be to receive numerous surveys. However, surveys are essential tools for committees to gather the information needed to fulfill their responsibilities and share valuable data with all NASBLA members. Your input is vital to ensuring that everyone benefits from accurate and up-to-date information.

This [survey](#) is designed to update the registration and titling details for each Territory/State on the NASBLA Registration & Titling Dashboard. Please take a few minutes to complete the short survey and return it by close of business on **May 16**.

The VIRT Committee appreciates your time and participation in advance!

If you have any questions regarding this survey, please contact [Michelle Johnston](#) (801-374-7290), [Maria Perez-Allen](#) (916-628-2078) or [Caroline Mantel](#) (941-266-7391).
